

TO INVESTIGATE RAILROADS AND COAL COMPANIES

AS TO THEIR METHODS OF HAV-
ING ACQUIRED PUBLIC
LANDS.

MUCH FRAUD, SAYS GARFIELD

Will be Unearthed and the Govern-
ment Will Require Restitution
in All Cases.

Cleveland, O., Sept. 11.—James R. Garfield, secretary of the interior, now at his summer home near here, today in an interview outlined the department policy in regard to land frauds now under investigation in the west. Railroads, coal companies and large ranch owners are to be compelled to prove ownership in immense tracts which they now control and use.

"We are making no allegations, no accusations at this stage of the game," said Secretary Garfield.

"But we are going back into the title of every piece of land owned by the railroads, coal companies or land holders in the west which we think is suspicious in any way. We are going to see just how much is held contrary to law, or was acquired contrary to law. It will mean an enormous sum to the government. After this no one is to get rich off the government by acquiring public lands.

"The fight we will take up this fall is to be a systematic, fair fight, a fight of fair play. Where a railroad holds lands illegally we expect to see that they are restored to the government. It makes no difference what the impression of the roads was when the land was purchased.

"Neither can the railroads hold land which has been virtually stolen from the government. And I do not think that the roads will attempt to hold such either. Under the present policy of the government it would hardly be wise, I should say.

"We expect to call the Union, Pacific and Northern Pacific and the Topeka, Atchison and Santa Fe roads in first. These roads are the first and largest in operation over the territory in question. We expect to call in large coal companies also. The investigation of the coal companies will probably be conducted separately from that of the railroad companies, however. It is an entirely different matter."

FLAMES CAUSE A PANIC ON BOAT

New York, Sept. 11.—The Delaware, Lackawanna and Western ferry boat, Bremen, took fire in midstream between New York and Hoboken today and raced to her slip with the roof of the upper cabin ablaze. Passengers fought with one another to get ashore and several were hurt in the crush. Dock hands and officers kept the fire down until the Hoboken slip was reached, when the fire department quickly extinguished the flames.

BLACKSNAKE FOR A WIFE BEATER

Shelbyville, Ind., Sept. 11.—In the case of Edward Neal, charged with whipping his wife, Mayor Swain suspended sentence upon a plea of guilty but ordered the police to take Neal to the basement of the city building and give him as many licks with a blacksnake whip as he had given his wife with his fists. The officers complied with the demand and Neal's entreaties for a cessation of "hostilities" could be heard several blocks away.

Under a Steam Roller.
Milwaukee, Sept. 11.—Charles Farries of Decatur, Ill., threw himself under a big steam roller on exhibition at the state fair. Death was instantaneous. Mr. Farries was an inmate of a Milwaukee sanitarium.

FORAKER AND DICK ARE DENOUNCED

Cincinnati, Sept. 11.—The Ohio Retail Jewellers' association in convention here unanimously adopted a resolution Wednesday denouncing Senators Foraker and Dick for their non-support of the United States assay and stamping act, when they were before the senate. The accusation is made that the senators especially Foraker, defended the interests of the so-called jewelry trust in the senate.

COULTER IS MARRIED

While on a Bed of Suffering at Columbus Hospital to Girl Who is Supposed to Have Been Cause of His Attempt at Suicide—Special Dispensation Secured for Ceremony.

(Special Telegram.)
Columbus, Sept. 11.—The condition of Arthur Coulter, the Alexandria boy who was married to his young sweetheart at the St. Francis hospital after he had shot himself with suicidal intent Sunday, is still critical, but the doctors at St. Francis hospital today assure the Advocate that the patient is getting along as well as could be expected.

Word comes from Columbus that Arthur Coulter, the Licking county young man, who shot himself last Sunday and whose death was momentarily expected by the surgeons, is now improving and the indications are that he may recover. The young man is the son of Mr. and Mrs. Ewing Coulter of Alexandria. Coulter, who is 20 years old, was married to Miss Stella Kates, aged 16, at the hospital Monday evening. The wedding took place at the bedside of the groom in St. Francis hospital, the ceremony being performed by Rev. Father Nevin. Coulter and the girl wishing to be

married before death intervened, secured a special dispensation from Bishop Hartley that the wedding might occur under full sanction of the Catholic church. With this permission gained, haste was made and the ceremony was performed at 5:30 Monday evening in the presence of a few witnesses. Coulter was plainly in his right mind and after it was over he sank back on his pillows and a smile of content passed over his face. After the wedding the patient seemed to improve and the latest advice from the hospital is that he will probably recover.

The wily love god outwitted the forces arrayed against him when the troth of the couple was plighted. Coulter, who is twenty years of age and an art glass worker, shot himself through the left breast Sunday, the shooting being the outcome, so it is alleged, of the opposition that had developed to his marrying sixteen-year-old Stella Kates. Reports conflict as to the nature of this opposition, though Coulter made the statement that his act was committed because he was unable further to bear the constant "nagging" from his sweetheart's relatives.

SECRETARY TAFT REVIEWS TROOPS

Seattle, Wash., Sept. 11.—Secretary of War William H. Taft visited Fort Lawton. As he entered the post in an automobile he was greeted by a salute of 19 guns. A brief review of the troops of the Third infantry followed. At the conclusion of the inspection of the troops Secretary and Mrs. Taft were the guests of honor at a reception given at the residence of Colonel Woodbury, the commandant. After the reception the secretary and his party took automobiles for the ride to the golf club, where "luncheon" was served. At 7 a. m. Secretary Taft left Seattle on a special train for Aberdeen and Hoquiam. He will return to this city at midnight, and on Thursday at noon will sail for the Orient on the Hill liner Minnesota.

Fairbanks Will Attend.
Louisville, Ky., Sept. 11.—The directors of the Kentucky state fair received a telegram from Vice President Fairbanks accepting an invitation to attend the fair, which will be held in this city next week at Churchill Downs. Mr. Fairbanks will attend the fair Friday, Sept. 20, "Southern Indiana" day, and will deliver an address. Preparations are ready under way to give him a notable reception.

ON WEDDING DAY GROOM IS KILLED

Washington, Ind., Sept. 11.—Homer Casey, aged 34, a traveling salesman for M. Born & Company of Chicago, was assassinated on a country road near here last night. The body was found today in his buggy, the horse having made its way to the Casey home during the night. Casey was to have been married today at Bloomfield, Ind., to Ada Stone. He was at Bloomfield yesterday, making his final preparations for the wedding. When his mother found him today, he was in a sitting position in the buggy, with a bullet hole in the back of his neck. Mystery surrounds the crime.

SEVERE ACCIDENT TO MISS CROSSMAN AT A REHEARSAL

New York, Sept. 11.—Henrietta Crossman's new play, "The Christian Pilgrim," may be delayed in its opening on account of a severe accident to the star. Miss Crossman was "laid out" yesterday during a rehearsal by a blow from a broadsword. A spirited duel is one of the features of the show. Miss Crossman caught a blow on the head from a sword and was rushed to her home. Her physician ordered her to refrain from acting for three weeks. As the performance is scheduled to open in Philadelphia October 6, a postponement may be necessary.

At Columbus, Ga., Miss Hilda Clark is mourning a costly jeweled garter, one silk stocking and one slipper because of a prank played by a bolt of lightning. She was not injured.

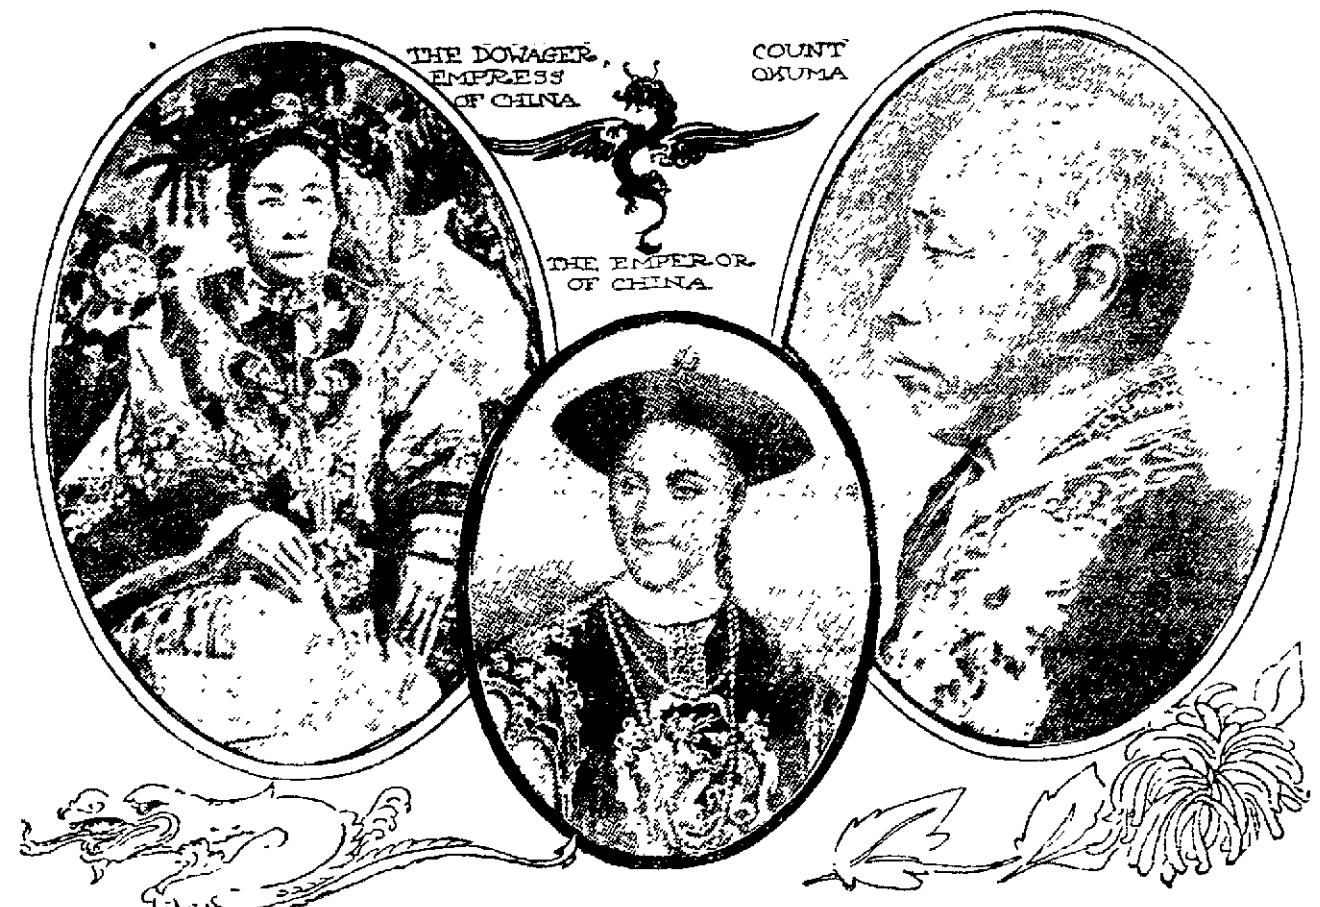

BIG MINE MERGER NOW UNDER WAY

Chicago, Sept. 11.—A gigantic coal combine, which will merge coal mines valued at \$12,000,000 and bring together under one consolidated company more than thirty of the richest mines in Illinois and Indiana, is in process of formation. The merger will include 25 mines of the Danville and Clinton districts in Illinois and the properties of the Kelly, Oak Hill and Deering Mining companies in Indiana. George T. Buckingham, an attorney, and William M. Briggitt, an investment broker of Danville, are conducting the necessary negotiations.

Warden Gould a Delegate.
Columbus, O., Sept. 11.—Warden O. B. Gould, Chaplain Starr and two or three members of the board of penitentiary managers will go to Chicago Saturday to attend the annual meeting of the American prison congress, which will be in session there next week. Chaplain Starr will read a paper on "The Chaplain's Work in Penal Institutions" before the chaplains' meeting of the convention. Warden Gould will take a prominent part in the sessions of the wardens' section.

Crop reporting board of the bureau of statistics of the department of agriculture in its report finds the condition of corn, spring wheat and oats to be below the average.

JAPAN RUSHES TROOPS TO KWANTO ISLAND—WILL HOLD BY FORCE —SEIZED TERRITORY.

Tokio, Japan, Sept. 11.—Following a session of the privy council and a series of conferences between Marquis Ito and the Genro cabinet, it is officially announced that Japan's policy is to yield nothing to China in the matter of the Korean boundary and to insist on a full settlement of the present dispute over Kwantung island without delay.

OHIO TO SUPPORT A MISSOURI MAN FOR G. A. R. HEAD

C. G. BURTON FAVORITE OVER
FIELD OF FIVE CANDIDATES
IN CLEVELAND

VETS FORMALLY WELCOMED

Silver Jubilee Offering Presented to the G. A. R. by the Woman's Relief Corps.

Saratoga, Sept. 11.—Indications point to the election of C. G. Burton of Nevada, Mo., as commander-in-chief of the Grand Army to succeed Commander Brown. There are five candidates in the field. At caucuses held last night Mr. Burton was endorsed by the departments of New York, Illinois, Ohio and Wisconsin. His election would continue in power the present forces which control the Grand Army of the Republic. For senior vice commander, it is probable that Lewis E. Griffith of Troy, N. Y., will be chosen, and for junior commander C. C. Royce of San Francisco appears likely to be elected.

With the formal welcome of Governor Hughes of New York, the Grand Army encampment was opened in convention hall here. Six thousand veterans, members of the Women's Relief Corps, Ladies of the Grand Army of the Republic and other patriotic organizations filled the hall to overflowing. The decorations were elaborate. In addition to the governor, many speakers of note in the Grand Army made addresses, including Robert Bruce Brown of Zanesville, O., national commander of the G. A. R.; James Tanner of Washington, former commander-in-chief of the G. A. R.; Most Rev. John Ireland, chaplain-in-chief of the organization, and United States Senator MacCumber of North Dakota. At the meeting Mrs. Carrie Sparklin of St. Louis, Mo., national president of the Woman's Relief Corps, presented to the Grand Army the silver jubilee offering which was raised by the Woman's Relief Corps posts in commemoration of the twenty-fifth anniversary of the organization.

ITALIAN RECEIVED WARNING LETTER FROM BLACK HAND

Canal Dover, O., Sept. 11.—A Black Hand letter has been received by Vincenzo Comiglo, an Italian fruit dealer, demanding \$200 within ten days under threat of death. The letter is dated and mailed in Cleveland. Comiglo is warned that it will be useless to inform the police. The letter does not say where or to whom the money is to be paid.

TO WED UNDER WATER.

GEORGE FAIRMAN AND ALBERTA MICHEL.

New York, Sept. 11.—Arrangements have been made for a submarine wedding at the bottom of the Hippodrome tank, when George Fairman of No. 143 Tompkins avenue Brooklyn, will be united in marriage with Miss Alberta Michel of No. 312 Cactus street, Scranton, Pa.

In company with the minister who will perform the marriage rites, they and their friends, arrived in bathing suits, will descend through a fountain of water in the Hippodrome tank to the abode of the mermaids of Neptune's Daughter.

Miss Margaret Townsend, queen of the mermaids, and the attendants

from the spectacular production will be waiting for the bride party in the submarine apartment, and the ceremony will then proceed.

When it became known that a wedding under the water was contemplated twenty-seven couples applied for the privilege of embarking upon a new life under the patronage of King Neptune. Mr. Fairman telegraphed to his fiancée, Miss Michel of Scranton, Pa., asking her to come at once to New York and be married in the Hippodrome tank with him.

When the ceremony is concluded Father Neptune will place in their hands a purse containing \$100 in gold as a wedding gift.

KILLED WOMAN AND SUICIDED TO ESCAPE ARREST

Chicago, Sept. 11.—Edward J. Hildebrandt, 30, a painter, committed suicide by shooting himself through the head in a west side resort when about to be arrested for the murder of Mrs. Maude Westerfield, at whose home he was a boarder. Mrs. Westerfield was found shot to death, presumably while asleep in her bed. Suspicion was first directed to Hildebrandt through his absence from the Westerfield house when the crime was discovered. The husband of the murdered woman, Herman Westerfield, who is employed as a printer, returned from work and found the body of his wife with a bullet wound in the head. Two boarders were asleep in another part of the house. The police traced Hildebrandt to the west side resort through letters found in his trunk. When the police appeared, Hildebrandt entered a bathroom and fired a shot into his head, killing himself instantly. Hildebrandt is believed to have relatives living in New Orleans.

SPARK CAUSES HEAVY LOSS.
Philadelphia, Sept. 11.—A spark from a passing locomotive caused a fire that destroyed the Cudahy Packing company's plant with a \$200,000 loss. The greatest loss was caused by the provision department burning out, roasting 250 tons of beef

WONDERFUL CAVE IS DISCOVERED BY A YOUNG WOMAN

Worcester, Mass., Sept. 11.—"Purgatory," a cave only a few miles from this city, is now attracting the attention of scientists all over New England, because of the failure of Miss Lucia S. Thompson of Boston, a well-known mountain climber, to penetrate it. Miss Thompson found herself unable to proceed much beyond the entrance to the cavern, as it was ice-bound. No one has yet had the courage to penetrate the farthest depths of the cave, and such an attempt is admittedly fraught with danger, for at its bottom is an unexplored subterranean lake or river. There are scarcely three months in the year in which it is possible to enter the cave.

Volcano in Aleutian Islands.
Seattle, Wash., Sept. 11.—Advices received here from officers of the revenue cutter Rush, lying at Dutch Harbor, and dated Sept. 4, say that on Sept. 1 and 2 a volcano in the Aleutian Islands broke forth, sending tons of ashes and cinders over a score or more of native villages, frightening the native Alaskans as well as the whites out of their wits and covering the decks of the cutter Rush with debris. No lives were lost.

CONTRACTION

Of Money is Sure to Come, But no Panic, Says President E. H. Harriman.

New York, Sept. 11.—E. H. Harriman, who has returned from an extensive trip through the west, said that the west is more prosperous than ever before; that there are no signs of panic, but that the people of that section are not now seeking investments. The railway magnate added: "Country banks and individuals in the west have plenty of money but they are holding on to it and are not seeking investment. There is no question in my mind that a great deal of money is tied up in this way; but the people who are hanging on to their money now, later will be seeking investments. I found the attitude of the people with money one of uncertainty. There is more money in the country than we believe, but it is being withheld from circulation because of some apparent fear or apprehension. I think securities have gone very much below what they should have gone under any circumstances." Although he had seen no marked signs of business depression in the west, Mr. Harriman said that contraction in practically all lines was sure to come. The lack of money to carry out big enterprises is alone sufficient, he said, to bring about this contraction.

UXORICIDE KILLED BY ANGRY MOB

Waltham, O., Sept. 11.—Covered by a shower, Lee Leidy, proprietor of a hotel here, fired three shots into his wife's body, killing her instantly. Later he was surrounded and shot dead in a canyon by a posse which followed him.

SUPREME COURT WILL NOW DECIDE AS TO VALIDITY

OF THE TWO CENT FARE LAW
DECLARED UNCONSTITUTIONAL.

BY THE PHILADELPHIA COURT

Railroad Company Avers Law Was Passed Without Any Investigation by Legislature.

Philadelphia, Sept. 11.—The 2-cent railroad fare law enacted by the last legislature has been declared unconstitutional by the common pleas court. The law was to go into effect Oct. 1. The Pennsylvania railroad was the first to attack the law, bringing a suit in the local courts to restrain the county of Philadelphia from collecting the fine for violating the act. The contention of the company was that the law was not constitutional and that the 2-cent fare was fixed without any investigation on the part of the legislature as to whether the railroads could make a fair profit under the law, which the company asserts it can not do.

Under the head of "plaintiff's requests for findings of fact," the court affirmed that: The method used in ascertaining the expense of handling the complainants' interstate passenger business is the correct one; that the percentage realized under existing rates of fare upon the cost of the property is not unfair or unreasonable, or that the percentage under the new law would not be fair or properly compensatory; that cost of conducting railroad business for several years has been greatly and constantly increasing; that a reduction in interstate rates will most probably compel a corresponding reduction in interstate rates; that the average rate per mile for carrying interstate passengers does not now exceed 2 cents a mile; that reduction of rates would not be likely to lead to increase of business; that a uniform rate of 2 cents could not, in all probability, be obtained from all passengers, and is neither advantageous to the public nor just to the company; and that there is no evidence that the legislature investigated the matter before enacting the law.

The case will be at once taken to the state supreme court. The common pleas court's decision applies only to the county of Philadelphia. The law becomes operative Oct. 1, and in order to have a decision that will cover the entire state it is the intention of the Pennsylvania Railroad company to ask the superior court to take action on the above decision before that date.

MARK TWAIN

Declines to Pilot Boat Bearing President Roosevelt Down the Mississippi River.

New York, Sept. 11.—Samuel L. Clemens will not pilot President Roosevelt's steamer down the Mississippi when the president makes his next southern and western trip. Some of Mr. Clemens' admirers have been planning to revive the old days when Mark Twain was a Mississippi pilot, and Captain Baxby, an old-time river pilot, had promised to stand his trick at the wheel along with Twain if he could be induced to steer the president's steamer down the river after attending the waterways convention to be held in Memphis next month. Mr. Clemens, however, has declined the invitation to attend the convention. He is stopping at his summer home in Tuxedo, N. J.

SHOT HIS WIFE IN COLD BLOOD

Calmly Walked Into Police Station and Gave Himself Up—Mob Followed Murderer.

Oil City, Pa., Sept. 11.—I have shot my wife, you will find her lying in the street, I think she is dead," said James Strahl as he walked into the police station, followed by a crowd, and surrendered himself to the police. Officers investigated and found on a prominent street corner a woman mortally wounded. Strahl had lived apart from his wife and 12-year-old son, and had been working in a lumber camp. Mrs. Strahl had supported herself and son by working in a restaurant.

RUNYAN GETS SEVEN YEARS.

New York, Sept. 11.—Chester B. Runyan, who stole \$96,000 from the Winsor Trust company, was sentenced to seven years' imprisonment today. Of the money \$2,000 was never found. Runyan claimed he gave it to Mrs. Carter, in whose flat he took refuge. She denied it and was freed on trial.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

AN honest, tried and true remedy, of unquestionable curative value, made from Native Roots and Herbs. It contains no narcotics or harmful drugs, and complies with all conditions of the Pure Food and Drugs Law. Its annual sales are greater than that of any other medicine exclusively for women. During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman. Merit alone can produce such results. Good advertising serves to call attention for a time, but merit alone can stand the test of time. All sick women should note these facts, and placing all possible prejudices aside, should realize the truthfulness of these statements, and when assailed with any of the numerous illnesses peculiar to their sex, should at least give Lydia E. Pinkham's Vegetable Compound a fair trial.

Mrs. Pinkham Will Give You Helpful Advice Free

If there is anything about your illness you do not understand, write to Mrs. Pinkham, at Lynn, Mass. Her advice has helped thousands of women. For all this she will not charge you a cent; besides, she will keep your letter strictly confidential, as indicated by the fact that every private letter received by her during the last twenty years, and more, she now has in the Company's laboratory under lock and key—and no testimonial has ever been published without special written permission. Write her to-day; don't wait.

M. E. CONFERENCE OF STATE OF OHIO

WILL BE HELD IN COLUMBUS BEGINNING NEXT TUESDAY, SEPTEMBER 17.

Rev. L. L. Magee Formerly of Newark, Will Read Historical Sermon.

The Ohio conference of the M. E. church will meet at the First M. E. church, Bryden road, Columbus, commencing Tuesday of next week.

Bishop Luther B. Wilson, D. D., of Chattanooga, Tenn., will preside. It is expected that not less than 500 ministers and laymen will attend the session of the conference. The program of events has been fixed up to Monday, 23d inst., when it is expected the business of the organization will have been completed.

The first public function of the session will occur Tuesday evening, Sept. 17, when Governor J. Frank Hanly of Indiana will speak on the municipal situation in Columbus, when the subject of Sunday closing will be gone into extensively. A speaker of interest on this occasion

will be Rev. J. W. Dillon of Portsmouth, father of Judge B. B. Dillon of Franklin Common Pleas.

Wednesday morning Holy Communion will be administered at 8:30 by Bishop Wilson. The Missionary sermon will be delivered by Rev. H. B. Lewis of Gallopis. The anniversary of the Women's Foreign Missionary society will be observed with a sermon by Rev. M. E. Osborne, late of India, now acting temporarily as pastor of Wesley chapel, Columbus. Rev. Dr. H. K. Carroll of New York will deliver the address at the anniversary of the board of missions.

Thursday afternoon Rev. L. L. Magee of Columbus will read the historical sermon which was to have been delivered by Rev. H. Gortner, who died May 3. In the afternoon at the meeting of the missionary society there will be a sermon by Rev. J. C. Jackson, Jr., of Portsmouth. At 7:30 will be the anniversary of the Board of Education, Freedman's Aid and Sunday schools, with an address by Rev. Dr. M. C. B. Mason of Cincinnati.

Friday afternoon Rev. Dr. Stephen J. Herben of Chicago will address the anniversary of the Epworth League. Rev. Dr. T. S. Henderson of New York will make an evangelical address, and at 7:30 Bishop Wilson and Rev. P. A. Baker will address a temperance meeting.

The Sunday school meeting will be conducted Saturday afternoon, Rev. Dr. Joseph Clark, general secretary of the Ohio State Sunday school association and W. D. Stem of Ashland will speak. Rev. Dr. Henderson will deliver an evangelistic address and at 7:30 the anniversary of the Board of Home Missions and church extension will be held, with an address by Rev. J. H. Fitzwater of Philadelphia.

Sunday morning, after the love feast conducted by Rev. Dr. Dillon, the conference sermon will be followed by the ordination of deacons by Bishop Wilson. This will be followed by the ordination of elders.

At 2 and 7:30 p. m. Sunday evangelistic sermons will be held in the King Avenue M. E. church. Addresses will be made by Rev. Dr. Henderson and others.

Monday morning's session will be opened with a devotional service at 8:30, followed by a business session at which delegates hope to complete their business.

A HERESY TRIAL AT CLEVELAND
Cleveland, Sept. 11.—The conference of the North and East Ohio Districts of the Methodist Episcopal church opened here today. Bishops Wilson and Spellmeyer are presiding. The trials of at least three members of the East Ohio conference on charges of heresy, chewing tobacco and attempting to kiss a young girl, are scheduled for the week. An effort will also be made to shelve the time honored custom among Methodists whereby visiting delegates are entertained at the private homes of Methodists in the cities where the conferences are held.

WORRIED OVER ILL HEALTH.
Coshocott, Sept. 11.—Edward Wilt, aged 45, shot and killed himself with a 32 caliber revolver at his home a mile and a half west of New Guilford about 11:30 o'clock Tuesday. Despondency and continued brooding over ill health are the only causes assigned for his rash act.

ACCIDENTALLY SHOT.
Millersburg, O., Sept. 11.—George Bancard of Toledo, was accidentally and fatally shot by his brother-in-law. The two were hunting and the charge fired at a squirrel hit Blanchard.

"Star Brand Shoes are better."

EPHEMERAL

ARE THE RICHES OF THIS WORLD SAYS JOHN D.'S PASTOR.

World's Richest Man After Sermon Told Minister It Had Greatly Comforted Him.

Cleveland, O., Sept. 11.—Worldly riches are ephemeral, while spiritual riches are everlasting, declared Rev. Charles Aubrey Eaton, pastor of John D. Rockefeller's church, in his sermon Sunday, and the oil king was visibly pleased with the sentiment. Mr. Rockefeller pushed his way through a crowd of 250 people about the front of the church and seated himself in his accustomed pew.

"No matter what becomes of your fortunes, what becomes of your health; whether you lose all your worldly goods or become the richest person on earth; no matter what the physical condition of your body may be, the only life which is eternal, the only life which is lasting, the only life which will avail when all others fail, is the life of true heart, the spiritual life," declared the pastor.

Rockefeller told Rev. Mr. Eaton that the sermon had been a comfort to him, and the oil king shook hands warmly with the minister and left the church.

The lure of the golf links is strong with Mr. Rockefeller. Never before has he been so enthusiastic over the sport. And he announced that he would prolong his stay at Forest Hill longer than usual this fall so that he can enjoy his links, which have been in excellent order this summer.

Every day the oil king arises early, partakes of a substantial breakfast, and, after disposing of a few business affairs, escapes to the links, where he remains with Dr. Biggar or some other friends until he feels the need of refreshment. In the afternoon too he feels the call of the links, and continues his practice on the grounds. The links have never been in better trim, and the fresh air and outdoor exercise have done wonders for the multimillionaire physically.

"I do not know when I shall leave Cleveland," he said Sunday, "but it will be later in the fall than usual. The weather has been so fine and my golf links have been in such excellent shape that I cannot think of leaving for some time."

He usually leaves for Jocasanto Hills about October 1.

He probably will not leave until the last of that month or until the middle of November.

Mrs. C. L. McLaughlin, of Bellefontaine, a stranger in the city, was entertained at Forest Hill by Mr. Rockefeller. Mrs. McLaughlin, who has been seeing the sights of the city, was talking past the entrance of Forest Hill, accompanied by her daughter, when an elderly man invited them to view the grounds.

Stephen's Star Brand Shoes.

GETTING OFF CAR FACE TO THE FRONT

Despite warnings and the number of people injured daily by getting off street cars backward, the people will not take warning, and still continue to take chances and by their carelessness many are injured.

and countless numbers of dresses are ruined through coming in contact with a dirty street.

An Advocate reporter took a car ride the other evening and made note of the men and women that got off the car backward. On the North Fourth street line three women got off the car the dangerous way. One of them carried a baby in her arms, and was almost thrown from her feet. On returning from Idlewild park 12 women and 4 men swung from the cars, their backs to the front of the car.

East Main street was the mecca for people who insisted in getting off the car the wrong way. Nine women and three men were counted who swung from the running board of the car, most of them with their backs to the motorman and in several instances the car had not fully stopped.

It is not only the women, but the men, some of them who have the habit. Most of the men seem to be natural railroaders and can board a car going at a good rate of speed without difficulty, but it is a dangerous practice, and should be stopped. A hundred things might happen that would throw a man under the wheels—a wet step or running board, a peeling of some sort on the steps, grease, or any one of numerous things could happen to him that might mean a serious if not fatal accident.

The street car service in Newark is good, and the cars will stop if you are on the proper corner, so you had better not take chances—it isn't worth while.

Williams' Kidney Pills.

Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pains in joints, side, back, groins and bladder? Have you a flabby appearance of the face, especially under the eyes? Too frequent a desire to pass urine? If so, Williams' Kidney Pills will cure you. Price, 50 cents. Sold by R. W. Smith, Newark.

"Star Brand Shoes are better."

HEISEY COMPANY SECURES LEASE

A. H. Heisey & Co., Newark glass manufacturers, were granted a pipe line lease along the Ohio Canal bank from Hebron to Buckeye Lake yesterday by the state's board of public works, at an annual rental of \$120. The line will be used to supply fuel to the glass plant.

Stephen's Star Brand Shoes.

PROF. FUHR

In His New Airship Will Make Flights at the Licking County Fair—A Novel Attraction.

Prof. Fuhr Mr. Clemens, Mr. McDonald, Mr. Wilson and two other gentlemen of the Navigation company who own the Coshocott air ship, arrived in Nelsonville Saturday on the Hocking Valley south bound train which arrives at 10 o'clock. They at once had draymen at work moving their apparatus to Central Park. As soon as they could get the goods on the ground they began filling the silk bag with gas, and when Monday came they were ready to make their flight. But it rained all Monday afternoon up until 5 o'clock no attempt was

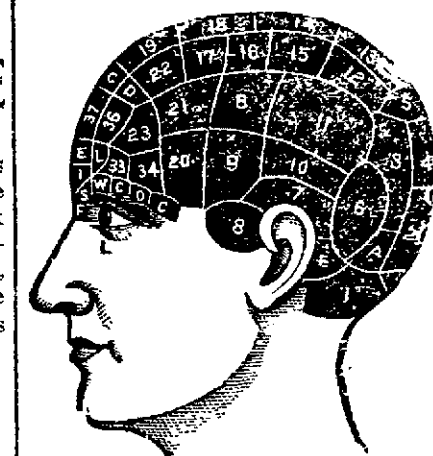

made to make the flight. But when six o'clock came and it was still drizzling rain the daring Fuhr said "I will make the flight, even though everything is against us. And so he did, and it certainly was one of the greatest flights on record; successful in every particular excepting the fact that it became dark before he could work his way back to Central Park.

The air ship made a noble start, gliding up in the air at a nice easy gait until he reached a distance of probably 1,000 feet, at this height he struck a very stiff current of air which carried him a distance of two miles. Even in that current he says he was all times in control of the machine. But as he was immediately over a woods he was compelled to go farther and find a place to make a landing which he did at a distance of three miles from where he started and upon arriving there he found it too dark to try to come back.

In the meantime Mr. Clemens mounted bareback a horse he had secured and tried to follow Prof. Fuhr to give an assistance that might be needed. But to and behold Mr. Clemens, not being familiar with the Hocking Valley woods and coal mines, got lost in the woods, and had it not been for Mr. Charles Evans following on horse back to see where the air ship would go, we guess Clemens would still be trying to find his way back to Nelsonville, but when rescued, Clemens and Evans continued the journey until they found Fuhr and the air ship all safe and sound. But as it was dark and they were unable to secure the services of a drayman, they left the airship and came back to Nelsonville that night arriving here at 9:30, going back Tuesday and bringing in the air ship all safe and sound.

Prof. Fuhr and the entire company wish to thank the Labor Day committee the citizens of Nelsonville in general and the Spenders Club for the very kind treatment received while in Nelsonville. The Nelsonville people, generally, can gladly recommend Prof. Fuhr & Co. as thorough gentlemen in every particular—men who will fill any and all arrangements that they enter into.—Nelsonville Register.

"Star Brand Shoes are better."

Medium

Prof. Henry, the famous Life Reader and Medium is now in Newark, at 41 North Fourth street. He makes the following personal announcement to the public.

Realizing that this city has been overrun with pretenders under the guise of clairvoyance, palmistry, astrology, and other schemes of fortune telling, and that many of the best citizens are anxious to visit a reliable Psychic Medium, if they were first assured of satisfaction, therefore I agree to tell every patron just what they want to know or make no charge for my work. This is certainly fair and honest.

This is not done to catch business,

or to draw the riff raff of the city, but to show earnest, sincere people where to go for reliable information.

The best citizens of your city are loud in my praises because I plainly unravel their troubles. I see all I tell all, and never ask a question. I will tell your every hope, fear and ambition, and your prospects in business, investments, love, marriage, and all your affairs.

I tell of those you love and who loves you. Who will be honest or dishonest with you. I tell if your present love affair indicates marriage or not. I find out the cause of your bad luck and how you can change everything to success.

In marriage affairs I tell who is sincere and the one who is simply fooling you. I tell if the one you trust is true or false. I can and do effect reconciliations, and reunite estranged lovers or broken up families. I can bring about a speedy and happy marriage with the one you love.

If you have lovers' troubles, or family quarrels, I can tell you what to do to drive away sorrow and make your home happy again. I will tell you what to do to frustrate and overcome those who would ruin your home, business or love affairs.

If you contemplate a new enterprise, or change of place or business, or want to know what is best for you to do in any affair I will guide you right.

Special Offer

For the purpose of securing a number of pleased patrons who will be my best advertisers, I make this offer.

If you will call within the next seven days I will give you my full and complete three dollar reading for 50 cents for ladies, and \$1 for men. Everything told, nothing kept back. My work is scientific and of the highest value. I do not practice palmistry, astrology, clairvoyance or any scheme of fortune telling.

Come during the day if you can, for at night the rooms are always crowded. Office hours 1 p. m. until 10 p. m. (Not open forenoon) Sunday from 3 p. m. until 10 p. m.

My reception parlor is at Mrs. Stickel's rooming house, 41 North Fourth street, upstairs over the Newark Steam Laundry, corner of Church street.

MAIL ORDERS.

Good satisfactory readings can be given by mail. Send stamp for instructions what you should do. Address, Prof. R. M. Henry, 41 N. Fourth St., Newark, O.

Cut this ad out and keep it, so you will know where to find the place.

The Oriental Charm

Madam Leo Henry is the only woman in America who knows how to make the famous Oriental Charm. This charm is now worn by the leading ladies of all countries and its protective power is known to all. This charm must be made especially for each one who wears it.

By wearing this charm on your person it will protect you from accident, sickness and all evil. It will drive away evil spirits, bad influence, and overwhelm your enemies. It will bring you success in all you undertake. It will bring you success in your love affairs and cause the one you love to love you. It will bring joy, contentment and happiness to your home and cause the one you love to always remain loving and true. It will bring success to your business and make you rich, successful and happy. You should have Madam Henry make a charm for you. Call at 42 North Fourth St., Newark, O., and make further inquiries.

Sept. 11 In History.

1297—Battle of Stirling; Scotch defeat.
1609—Hudson discovered the river bearing his name.
1611—Henry de la Tour d'Auvergne (Viscount Turenne), famous French commander, born in Sedan; killed 1675.
1709—James Thomson, author of "The Seasons," born; died 1748.
1823—David Ricardo, the much abused British political economist, died; born 1772.
1894—Pio Pico, last Mexican governor of California, died in Los Angeles; born there 1801.

And now comes Mr. Harrison who says there will be no panic. Who really thought there would be one?

So queues aren't to be the fashion this fall in Seoul, after all. The King of Korea has just announced that he will not wear one.

Philadelphia is getting in a hurry. Telephone subscribers in that city have been requested to quit saying "please" when they ask for a number, because it takes too much time. Some day the people down there may overtake the boodlers if they don't watch out.—Chicago Record Herald.

A correspondent asks how one may have beautiful hands. Poker or otherwise?

The wire tells us that a man at Chester, Pa., dreamed that he was being robbed and awoke to find that his dream had come true. Not all dreams go to contraries, the old established belief notwithstanding.

A Pennsylvania man has been sentenced to pay \$45,000 and serve a term in prison for shooting at his son-in-law. My, what would have been the penalty if he had hit the mark! The sentence seems to indicate that the young man must have been a little better than the average run of sons-in-law.

TARIFF ON LUMBER.

Collier's which has formed the admirable habit of shooting nothing but bull's eyes, aims at the subject of the lumber tariff in this week's issue. Beginning with the observation that Secretary of Agriculture Wilson sounds an alarm bell over the danger

to American forests—a literal fire

alarm—Collier's says:

"There is one thing which neither President Roosevelt nor Secretary Wilson has done and which would be very decidedly worth doing. It is known to all that our intelligent government offers rewards for the destruction of our forests, coupled with fines upon all who try to check that destruction by supplying part of our timber-needs from abroad. The American people think they must use so much lumber every year. The more they can get from foreigners, the less they need to cut at home. But our enlightened tariff provides that everybody who brings a pine board into the country shall pay a heavy tax on it, and that nobody who cuts one out of our dwindling forests shall be entitled to collect a premium out of the pockets of the domestic consumer equivalent to the tax levied on the person who taps the foreign supply and saves our own. President Roosevelt and Secretary Wilson have not shown as much energy in attacking this wrong as in some of their other crusades. Perhaps its turn may come."

Referring to the Secretary of Agriculture again, Mr. Wilson asserts that the pine timber of Michigan, Wisconsin and Minnesota is already substantially wiped out and unless we do something we shall not have enough to make an old fashioned bedstead with.

Stephan's Star Brand Shoes.

SUES FOR FORTUNE

Son-in-Law of Bromo-Seltzer King
Says Emerson Has Alienated
His Wife's Affections.

Baltimore, Md., Sept. 11.—Dr. Isaac E. Emerson, who made his millions out of the manufacture of bromo seltzer, and his wife, were sued on Tuesday for \$100,000 by T. Mitchell Horner, their son-in-law, on the charge of alienating the affections of his wife, who was Miss Daisy Emerson.

The young couple were married 10 years ago and Horner was put in charge of the bromo seltzer enterprise at Atlanta, Ga. They lived in luxury and last May the wife was invited by her father, over the long distance telephone, to take a trip to Europe. This was agreeable to Horner.

The wife left and since then her husband has not seen nor heard from her. He has sent her many letters, some in care of her parents, but no answer has been forthcoming. It is said that Mrs. Horner is in London with her other married sister.

Emerson was at one time a poor druggist. By accident he found the formula for bromo seltzer and, after many struggles, managed to finance a company and put the preparation on the market. He has become rich and is now a globe trotter. Horner comes from a well known Baltimore family.

"Star Brand Shoes are better."

POISONED WHISKY THROUGH THE MAILS

Warren, O., Sept. 11.—Physicians who worked over George Hayes and wife, who were poisoned by drinking from a bottle of whiskey found in their mail box, say the couple are now out of danger. Physicians are certain that the whiskey contained strychnine, and will make an analysis of the contents. It is likely that the United States secret service will be called in to the case, owing to the fact that the bottle was deposited in a mail box.

MARVELOUS INVENTION CURES WEAK MEN

Patent Granted by the United States Government.

A new and scientific appliance invented by L. B. Hawley, M.D., will produce full manly power at first application. The effects are immediate and startling to a high degree. Develops, strengthens and cures lost vigor. Positively no failures. Physicians endorse and use it in their practice. If you are the least skeptical as to the value of this remarkable treatment, send for illustrated circulars, take them to your family physician and get his opinion. This is the first time any one has requested you to take his circulars to your family physician. Why? Simply because he knows your physician will not recommend his treatment. Not so with this appliance. Your doctor will immediately grasp the idea, and when he does, he will recommend it. Nothing like it has ever been sold before. It works the same on every individual. Send to-day for free descriptive circular of this wonderful instrument. The moment you see it you will realize its possibilities. No C. O. D. or free trial schemes to catch the unwary. This is a plain business proposition that will appeal to you as the greatest opportunity ever offered to those who are weak. Address L. B. Hawley, M. D., 1291, Wisner Building, Rochester, N. Y.

PLATONIC

WERE THE KISSES GIVEN TO
VARIOUS MEN BY MRS.
VANDERBILT

And in No Way Connected With This
Earth Testifies the Spiritualist
Medium.

New York, Sept. 11.—Mrs. Mary S. Pepper-Vanderbilt, the beloved "Medy" of the famous "Bright Eyes" letters, attired in black as befitting a spiritualist priestess, who professes to commune with shades, testified yesterday concerning kissing and kisses.

The stout medium said she had kissed many men on many occasions. Some of the kisses were long, some short, some on the right cheek, some on the left, but all of them were platonic, the witness insisted and all were "spiritual vibrations."

Before her sat her gray-haired husband, his eyes riveted upon hers, his lips frequently moving as if in a sort of mesmeric harmony with hers.

Though in the hands of friendly counsel the spook-tamer frequently found herself confronted with interjections that caused her to squirm. The purpose of the questions was evidently to confound the attacks upon her character made by her former confidant, Miss Darrow. The medium's answers, however, appeared to cause more amusement than embarrassment.

"Have you ever kissed Mr. Allen of Providence?" asked ex-Judge Griffling, attorney for the lumberman.

"Many, many times," was the emphatic reply. "I have given him a hundred kisses; but they were not worldly kisses—they were spiritual vibrations. My kisses were upon his cheeks, and were given in parting. They were utterly platonic."

"What have you to say about the kiss which Miss Darrow said lasted five minutes, and which happened after you had asked her to leave you and Mr. Allen alone?"

"I may have kissed Mr. Allen on that occasion, but I did not ask Miss Darrow to leave the room beforehand. I always kiss in company."

"How about the time when, according to Miss Darrow, you kissed a Mr. Markwell in your home in Madison street?"

"That also was a spiritualistic kiss. I have often kissed Mr. Markwell, but never upon the lips. Some times I would kiss him on the right cheek, some times on the left, and always at parting."

"And when my men friends take my kisses they always acknowledge the salute by saying, 'Hello, Chief!'"

"What was meant by 'Chief?'"

"That was the title given me as pastor of a Spiritualistic church."

"Is it true that, as Miss Darrow testified, you woke up from sleep in the arms of Mr. Allen and cried out that you thought he was the spirit of her former sweetheart, Wislow, materialized?"

"I never, never did," was the indignant reply, which aroused a storm of hisses from a group of women adherents of the medium in the rear of the court room.

"And you never had any improper love affair with Mr. Allen?" continued the veteran attorney, cautiously.

"No, no; never," shouted the witness, her plump hands clenching, her heavy features tense with anger.

"And I want to say here, again, that my kisses on Mr. Allen's cheeks were nothing on which to base such awful charges against me. Such kisses are common among Spiritualists who have seen the light."

The spirit charmer then denied that she believed in free love, or that she ever said that she was looking for "some good old fool with plenty of money like Vanderbilt." She also testified that the picture which had been taken of her deshabille and which had been offered by the attorneys for the prosecution as evidence of her laxness of morals, was a snapshot. The photograph was made, she said, "while she was asleep and in a place to which she believed no other persons would have access."

Lawyer Griffling then questioned the "chief" as to her wooing by Mr. Vanderbilt for the evident purpose of showing that it was he and not she who had urged marriage, and consequently it was not the result of any scheme to get his property.

COAL PRODUCTION HAS INCREASED OVER LAST YEAR

Washington, Sept. 11.—Although the time lost by the miners during the suspension of work beginning on April 1 amounted to more than 30 per cent of the actual time made during the year, the production of coal in Ohio in 1906 showed a normal increase over that of the preceding year.

In Ohio, as in other states, the operators had anticipated that a period of idleness would follow the termination of the wage agreement on March 31, and for several months prior to that date production was pushed to the fullest capacity of the mines. This, together with the facts that many of the mines were kept in operation or were closed down for a short time only, provided a supply of fuel practically sufficient for the emergency, and with a year of continued prosperity among the manufacturing and transportation interests in Ohio, the coal production of the state increased from 25,552,950 short tons, valued at \$26,486,740, in 1905 to 27,731,649 short tons, valued at \$30,346,580, in 1906 a gain of 2,178,699 tons, or 8 1/2 per cent in quantity, and of \$3,859,840 or 14 1/2 per cent in value.

Of the 29 coal producing counties in the state 17 reported increased production in 1906, while 12 of the production decreased. The principal increase was in Jefferson county, whose output showed a gain of 1,246,044 short tons, or nearly 40 per cent, following an increase of 852,254 short tons or 85 per cent in 1905 over the production of 1904. The production of Athens county increased 401,626 tons; of Belmont county, 308,885 tons, and of Guernsey county, 354,134 tons. The heaviest loss was in Jackson county, where the production decreased from 1,888,932 short tons to 1,369,800 short tons.

ELECTRIC WIRES BURNED THROUGH

There was a brilliant display of electricity on Eighth street between Western avenue and Church street, Monday evening, when had the effect of frightening some of the neighbors in the vicinity. Two primary electric light wires of the Licking Light and Power company grounded in a tree, which caused them to burn in two and drop to the sidewalk, when they began flashing, lighting up the entire neighborhood, and causing the current to be cut off of two consumers. The manager informed an Advocate reporter that any one, in a case of this kind, could push the wires aside and out of the way with a dry broom handle. The damaged wires were repaired Wednesday morning.

Negro Statesman Resigns.

Atlanta, Ga., Sept. 11.—W. H. Rogers of McIntosh county, the only colored member of the Georgia legislature, resigned his seat in the general assembly. Mr. Rogers gave no reason for his action, but it is believed that the passage of the negro disfranchisement bill by the last legislature influenced him.

Your Head Aches

Whenever there is an excited, irritable condition of the brain nerves. It is the outcry of a tired brain. Relief will come quickly by taking Dr. Miles' Anti-Pain Pills, as they soothe the nerves, and when this is accomplished, the pain subsides. This is the natural, sensible way. No harm can come from their use if taken as directed, as they do not derange the stomach or leave any bad after effects. Take promptly at the beginning of an attack and save suffering.

"It gives me pleasure to tell what the Dr. Miles' Anti-Pain Pills have done for me. I was troubled for years with headache, but am glad to say that after using the Pills I now feel that I am entirely cured. I wish all that suffer from headache would use them." MRS. ELIZA WEBSTER, 152 Douglas St., Worcester, Mass.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 cents, 50 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

ORIENTALS

ORGANIZING AN INDUSTRIAL STRIKE IN BRITISH COLUMBIA.

In Retaliation for the Riots of Last Saturday Which Threatens a Tie Up.

Vancouver, Sept. 11.—The industrial strike organized by the Japanese and Chinese in retaliation for the riots Saturday night threatens to tie up British Columbia. The genius for organization displayed by the Orientals is amazing. In several instances vessels have been unable to sail from British Columbia ports because their entire force of Oriental workmen deserted.

Another ship bearing 500 Japanese is expected in this port this evening or tomorrow and this, it is feared, will precipitate further trouble. Many of the Chinese and Japanese are armed and while the Chinese know little about the use of modern fire arms, many of the Japanese are veterans of the war with Russia. This, with the fact that the conservative leaders are scarcely able even now to keep their Japanese followers in check, makes the situation still very grave.

"Star Brand Shoes are better."

DOUBLE MURDER

Results From a Quarrel and Two Italians Are Dead in Pittsburgh—Suspects Have Fled.

Pittsburgh, Sept. 11.—Two Italians, John Rizzo, 39 years old, and his son Pascolino, 18 years old, are dead and two others have fled, leaving McKeesport's "little Italy" in a panic following a double murder last night in which two Black Hand factions are thought to have figured. The elder Rizzo was shot in the forehead while the son received a bullet in the back and a stab wound in the throat. Both died in a few minutes.

According to the police the trouble was the result of a quarrel over Joe Sparrarato, who was released yesterday from jail, after serving a sentence for the murder of Antonio Tucco.

Tom and Frederick Jordan, brothers, thought by the police to be connected with the tragedy, have fled. They are said to have resented the praise bestowed on Sparrarato for his "heroic" act in killing Tucco, who is said to have belonged to a rival faction. The Rizzos were attacked in their boarding house. When the police arrived they were met by a crowd of enraged Italians and refrained from making arrests for fear of causing a riot and wholesale murder. Two officers were injured during the melee. Rigid search is being made for the Jordan brothers.

The Ohio Liquidation company will no longer buy claims against the Savings Bank after September 20. The reason for this is that a settlement of the bank affairs is farther off than ever, and the claims are bought so closely, that the risk and interest is liable to lose money.

WAYNE COLLIER, Atty.
Room 11, Lansing Bldg. 11d3t
Stephan's Star Brand Shoes.

LITTLE GIRL'S FATHER WANTS MAN FREED

Chicago, Sept. 11.—Thirteen hours after the conviction of Oliver P. Hurford, 72 years old inventor and Sunday school teacher, on a charge of attempting to detain Edith Wilson, 11 years old, in Union Park, the man's friends and even the girl and her father are trying to convince the judge that a mistake was made. Hurford was arrested by Park Policeman Schultz, and although he contended that he was merely trying to induce the little girl to attend Sunday school, he was fined \$200. The girl's father did not attend court, because he thought the fact that the arrest was a mistake would end the case. When he heard of the conviction he was thunderstruck. He said that when his daughter attracted the policeman's attention by her efforts to get away she was only acting as she always does with strangers because of her shyness. "Hurford only talked to her about Sunday school and violin lessons," he said in starting the motion to gain the old man's freedom.

Appointed a Receiver.

Maysville, Ky., Sept. 11.—Judge A. M. Cochran in the United States court appointed Herbert Jackson, a lawyer of Cincinnati and Covington, temporary receiver of the Boice-Grogan Lumber company of Lexington, which failed several days ago, and of the Cypress Lumber and Veneer company, allied companies of large capitalization. Judge Cochran directed that all mills should continue work. Among the mills are the Turhill-Patterson Manufacturing company of Sheffield, Ala., and the Fincastle Lumber company of Wardville, La.

Miss Inez Cooley of Los Angeles county, Calif., deals in honey. She keeps a bee ranch and akes enough money to afford a three months' vacation in Europe.

John J. Carroll

Redfern Whalebone Corsets

There are no models in this country or Europe that are so universally popular. Redfern Models are a full step in advance. They are practically the style inspiration for the corset world. The average styles are never extreme in outline—but the height of bust and depth of skirt are absolutely true to the universal fashion of the season as worn by the refined leaders of fashion. There are extreme models for the ultra dresser or individual of extreme form which denote style tendencies.

Miss Maud Ball, a Redfern corsetiere, is with us for a few days, for the express purpose of exploiting the merits and adaptability of Redfern shapes to this year's fashions.

Her services are without charge.

John J. Carroll

Chiffoniers

Every man needs his own private chiffonnier, and the style and appearance of it will depend upon his own taste and desires. COSHOCKTON I. O. O. F. TO HAVE GALA DAY

Wednesday and Thursday will be gala days for the Coshocton lodge I. O. O. F. and great preparations have been made by them for the dedication of their new hall in the recently erected Courley block. An excellent program has been prepared for the entire two days, covering the dedication and occupation of the new hall. A party of 400 visiting lodges are expected among whom will be some of the most notable men of the order.

Cantons will be present from Newark, Dennison, Canton, New Philadelphia and Coshocton.

Many Odd Fellows will journey from this city to attend the exercises.

"Star Brand Shoes are better"

APPLETON.

Rev. Mr. Hart preached a very interesting sermon at the M. E. church Sunday evening on the subject, "Heavenly Recognition." A large congregation was present to listen to his farewell sermon. It is the desire of all at this place that he be returned another year, but should he not, he will leave a host of friends, as was evident at the close of service Sunday evening.

Preaching at the Christian church next Sunday morning and evening by the pastor, Rev. Rena Long of Centerburg.

Mr. and Mrs. Geo. W. Wainwright and daughters Edith and Dorris of Johnstown and Mr. and Mrs. William Hatfield of near Bennington were entertained at the home of William Simpson Sunday.

The receipts of the social Saturday evening were \$14, netting the society a little over \$12.

The school board met last Friday evening at a called meeting and it was decided to do away with the Brech Knob school, and Mr. Harry Dixon, who was employed to teach the school will have charge of the primary room.

Mr. Lester Peters of this place and Miss Riley of Egypt were united in marriage last Wednesday at the First

M. E. parsonage in Newark, by Rev. L. C. Sparks. They are at home to their friends one mile east.

Mr. and Mrs. D. L. Vanfossen visited their son Dr. Jess Vanfossen and family of Columbus last week and attended the fair.

Mr. John Miller and Miss Olive Bell of Sunbury visited at the home of Mr. and Mrs. A. M. Hes Sunday and Monday.

A rig is being hauled in on the Walter Heipry lot just south of town for the Bennington company.

Mr. and Mrs. John Luning and Mrs. Sarah Hatch spent a part of last week visiting relatives at Kirtlandville, attending the State fair Wednesday, and spending the night with D. W. Long and family.

Mr. and Mrs. Ira Stout and daughter Ella were in Centerburg.

Mr. G. P. Trotter and wife visited the former's daughter, Mrs. John Bell and family on the Johnson's and Hatfield road.

Misses Lura and Opal Parsons were in Newark Thursday.

Miss Mary Peterson visited Miss Louisa Luning Tuesday.

Mr. and Mrs. S. C. Parsons visited their son Byron and family of Lima Tuesday and Wednesday.

Stephan's Star Brand Shoes

OXFORD TEACHER HONORED.

Oxford, O., Sept. 11.—Perhaps no more appropriate occasion for a public recognition of a teacher has been witnessed than in the case of Miss Sarah Stinner, who for 22 years has been the model of a teacher in the Oxford schools.

Miss Stinner was born in the town of Oxford, O., and has been a resident of this town for 22 years.

She is a member of the Oxford High School and has been a teacher in the Oxford schools for 22 years.

She is a member of the Oxford High School and has been a teacher in the Oxford schools for 22 years.

PRINCIPAL NEWS OF BUCKEYE STATE

TOLD BRIEFLY IN CONDENSED FORM FOR BUSY READERS OF ADVOCATE.

Ohio State Fair Receipts—Next Rifle Shoot at Camp Perry—New Tractor.

Columbus, O., Sept. 11.—The state board of agriculture expects to be able soon to announce the total receipts of the recent fair. Secretary Calvert says that while the exact figures are not yet available, that they will be much larger than last year. It is believed they will approximate about \$75,000. It has already been determined to have the county reunion feature a part of the exhibition next year, but it will be done in quite a different and more effective way.

Were Track-Walking.
Hamilton, O., Sept. 11.—Mrs. Arch R. Paney, 36 wife of the editor of the New Paris (O.) Mirror, was instantly killed, and Miss Carrie Whitaker, 37, a teacher in the public schools, was seriously injured by an eastbound Pennsylvania passenger train, near New Paris. They were walking along the track and the steam from a west-bound train obscured the flyer that bore down upon them.

Next Shoot at Camp Perry.
Columbus, O., Sept. 11.—Major C. Winder, state inspector of rifle ranges, returned home from the national shoot in Canada, where he captured the championship of the world in rifle shooting. Major Winder said that the international shoot for the Palma trophy would undoubtedly be shot next year at Camp Perry, for the reason that America was the winner of the trophy last year and that Camp Perry is the best rifle range in the country.

New Tractor Wants Township.
Columbus, O., Sept. 11.—Application was made to the state board of public works to lease the outer slope of the towing path embankment from Lancaster to Nelsonville, 23 miles, for the construction of a traction road from Lancaster to Athens. Pending an investigation no action was taken. The application was made by the Logan & Athens Construction company.

As Ellis' Assistant.
Columbus, O., Sept. 11.—John A. Alburn of Cleveland was appointed by Attorney General Wade H. Ellis as his second assistant, succeeding C. P. Hine, also of Cleveland, who returns to the practice of law there. Mr. Alburn was graduated from the Cleveland schools and Western Reserve university law school, and has been practicing several years.

American Mechanics' Showing.
Tiffin, O., Sept. 11.—Report of State Comptroller Weitzel at the convention of the Junior Order of American Mechanics shows that the order has increased to 30,966, a gain of 2,280 in the past year. An appropriation of \$500 was made to further the cause of restriction of immigration. H. M. Crowe of Urbana will be next state comptroller.

Will Investigate Charges.
Dayton, O., Sept. 11.—Mayor Calvin D. Wright, in response to a petition from the Good Government club, has appointed a committee of three citizens to investigate charges preferred before him against the boards of public service and public safety.

Grand Circuit Entries.
Columbus, O., Sept. 11.—All previous records of the Columbus Driving association have been broken by the entries for the two weeks' Grand Circuit meeting, which opens here next Monday. There are nearly 700 class entries, besides the stakes and colts races. This means that over 400 horses will have to be stabled, and extra stalls are being erected to accommodate them.

Blames the Operator.
Kenton, O., Sept. 11.—Coroner E. S. Protzman has rendered his verdict on the Big Four freight wreck which occurred here last week which resulted in the death of James Swingwood of East Liverpool, his finding being that the collision was caused by the failure of Night Operator Pearl Smith at Kenton to deliver a message.

For Death in Wreck.
Findlay, O., Sept. 11.—H. C. Miley, as administrator of the estate of Frank Fielder killed in a wreck near Sandford Ind. last January, has sued the Big Four railroad in the common pleas court here for \$10,000. Nineteen people were killed in the wreck which was caused by a powder explosion.

Official Resigns, Case Dropped.
Tiffin, O., Sept. 11.—The sensational charges against Superintendent Ink of the county infirmary were dropped upon his agreement to surrender the office. The hearing was to have come up before the board of infirmary directors and over 1,000 witnesses would have been examined.

Lost Lives in the West.
Milwaukee, O., Sept. 11.—Two sons, Richard and James of Henry V. Hing, formerly of Holmes county, who were smothered to death under 12,000 bushels of wheat in the collapse of a grain bin on the farm of Frederick Giaman, near Hastings, Neb.

Student's Fate.
Upper Sandusky, O., Sept. 11.—Walter Zetter of Shioh, who Ada to attend college, was struck by a train and cut to pieces.

THE AIRSHIP

Will Not Fly at Coshocton During Fair Week—Can't Put Up the Price.

(Coshocton Daily Times)
Frank Fuhr has received two communications relative to the airship, seeking engagements for flights at county fairs. One was from the Marion and the other from the Guernsey county agricultural society. "It will," said Aeronaut Fuhr, "be impossible for us to make engagements for flights at all the places asking consideration."

"The Coshocton" will sail the air at the Licking county fair during the first week in October, and it was my intention and also the other members of the company to navigate the ship from Newark to Coshocton just after fulfilling our contract at the former place. The Coshocton county agricultural society was not willing to put up anything like the price asked by the airship company, so no flights will be made here during our fair. The company received a fat price from the Muskingum county people and the agricultural society of that county pronounced the airship the cheapest and best card that they have ever had."

"Star Brand Shoes are better"

THE PROSPEROUS FARMER

His Per Capita Output for the Year Will be \$600, Showing an Increase.

The farmers of Ohio including those of Licking county, are again assured of an abundant harvest. This year's yield of wheat and corn may not quite equal the phenomenal yield of last year, but it is certain that the output will exceed the average of recent years in spite of the cold spring. And at the same time this decline in the aggregate yield of farm products will be more than offset by the increase in values all along the line. The estimated value of farm products for the year 1907 throughout the entire United States is \$7,000,000,000. The gain in value during the last seven years has been \$2,253,000,000, which is equal in itself to almost the value of the total output in 1890. In 1890 the per capita output of all engaged in agriculture in the United States was \$287, this year it will be \$600.

Stephan's Star Brand Shoes

FRAMPTON.

Goshen school commenced Monday with Miss Myrtle Varner teacher. Mr. John Rine of Sangor, Cal. visited friends and relatives in this vicinity the past week.

Miss Belle Dunlap moved to West Carlisle Wednesday.

Mrs. T. B. VanWinkle went to Mt. Vernon Monday and after visiting friends there will go to Chicago and spend a couple of weeks with relatives there.

The people were very much surprised to hear of the death of Mr. John Rine's little daughter, which occurred Friday. She was sick a very short time. The parents have the sympathy of their many friends.

Miss Maggie Cessna started to school at West Carlisle Monday.

Messrs. John and Allen Frey and Master Ray of Continental visited friends here the past week.

Miss Audrey Myers called on Maggie Cessna Sunday.

Mr. and Mrs. Archie Little spent Wednesday at the home of Matthew Porter.

Mr. Jonathan Frampton of Perryton spent a part of last week with his son, William Frampton.

Mr. and Mrs. William Frampton spent Monday at the home of Charles Fish near Bladensburg.

A BEAUTIFUL PINK SKIN

Free from all eruptions follows the use of Dr. Hale's Household Ointment. It soothes irritations, stops itching and permanently cures all skin diseases, even of long standing. At City Drug Store, 25c.

YOUNG PEOPLE'S RECEPTION

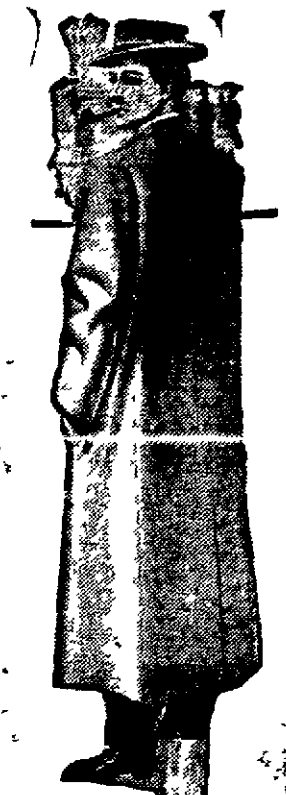

The second reception ever held by the City Union will be next Friday, September 13th at the Central Church of Christ. The evening will consist of a short program commencing at 7:30 followed by a social hour at which time light refreshments will be served. The object of this reception is primarily the opportunity it affords the young people of the city to gather together and get acquainted, and also the opportunity to become acquainted with the new president, Mr. Jesse Miller.

The union has maintained its own during the last three years and great changes are expected in the future.

THE WHOLE DAM FAMILY.
Pepp paints the house and store, Mama paints the floors, Kate the paints and powders, too, Johnny paints the doors. They all use Aurora Paint. And you never hear complaint.

MGR. BERRYHILL SAYS THE TEAM IS IN FINE SHAPE

DOUBLE HEADER AT SHARON TO-
DAY, EXHIBITION GAME
TOMORROW.

And Then Home For Series of Six
Games With Marion and
Mansfield.

HOW THEY STAND.

Clubs.	Won.	Lost.	Pct.
Akron	74	46	.617
Newark	74	48	.607
Youngstown	73	48	.604
Lancaster	61	59	.508
New Castle	58	60	.492
Mansfield	50	71	.413
Marion	45	73	.381
Sharon	46	75	.380

TUESDAY'S RESULTS.
Akron 1, Mansfield 0.
Youngstown 9, Marion 5.

GAMES TODAY.
Newark at Sharon.
Lancaster at New Castle.
Marion at Youngstown.
Mansfield at Akron.

GAMES TOMORROW.
Marion at New Castle.
Mansfield at Akron.
Sharon at Youngstown.

A telephone message from Manager Bob Berryhill stated that the team was in fine shape for the double header with Sharon today. He also stated that he had received a letter from Al Schaeffer stating that the injury to his arm at Mt. Vernon the other evening when he fell into an open sewer was not as bad as reported and that he would be in condition to get back into the game the first of the week.

We are holding second position by a lead of four points and the Molders will have to win both games today if they expect to return home in second position. Even then they may be tied by Youngstown for if the Champions should win the games scheduled for today, Thursday and Friday they would have the same percentage as the Molders, .613, that is providing we win today's double header.

We have six straight games at home, beginning Saturday. Four with Marion and two with Mansfield. If we can cap five of them we will be in at the killing. Youngstown and Akron will be fighting it out up state, and if they will only favor us by breaking even, things will look a little more rosy. Baseball is very uncertain and there may be a few foibles on tap before the week is over.

Manager Berryhill says that McClintock is a great help and that Dowling is fast making good, and is in the game at all stages. He is confident that we have a chance equally as good as the Champions or Rubbernecks.

RAIN SPOILS TWO GAMES.

New Castle, Pa., Sept. 11.—Rain prevented the games to have been played here and at Sharon yesterday.

Youngstown 9, Marion 5.

Youngstown, Sept. 11.—Until the fifth Marion had all the best of the Champions, batting Glassburner hard. Wilmont was solved in the fifth for six runs. Breen starred afield. The score: R. H. E. Y. . . . 0 0 1 0 6 1 0 1 x-9 9 2 H. . . . 1 1 0 1 2 0 0 0 0-5 12 2 Batteries—Glassburner and Redman; Wilmont and Hogan. Umpire—Hart Attendance—131.

Akron 1, Mansfield 0.

Akron, Sept. 11.—Breckenridge held Mansfield to three hits yesterday. Akron scored in the third on infield hits by Breckenridge and Callahan's sacrifice and Bier's had throw to King. A downpour of

rain interrupted the game in the seventh inning. Score: R. H. E. A. . . . 0 0 1 0 0 0 0 0-1 6 0 M. . . . 0 0 0 0 0 0 0 0-0 3 2 Batteries—Breckenridge and Lamplong; Bailey and Breyer. Umpire—Smith.

RUBE CAN TRAVEL THE GRUB ROUTE

Bowers broke Ed Pokorney's eating record at the Neil house after the game Sunday at Columbus, when he slowed away two fine cantaloupes, a dozen blue points and a big sirloin. The Toledo players began looking at Poko. The fat second base cripple was holding up his end, with a whole fried chicken, five baked potatoes and a plate of toast, but Brainy soon went Poko several better by eating a quart of ice cream, a la mode, over a three-quarter section of apple pie. When Bowers becomes a fixture in the association President Armour doubtless will quarter him at an American plan hotel.

SOME LEADING LEAGUE HITTERS

Milan of Washington is leading the American league in hitting with an average of .360 in 18 games. Clymer of the same team, who has participated in only 42 games, is second with .357. The real leader of the league is Ty Cobb of Detroit, who has hit at a .344 clip in 119 games.

Donovan of Detroit is the leading twirler. He has won 18 games and has lost only four. Joss of Cleveland is second with 23 victories and nine defeats.

Hans Wagner of Pittsburg has a prohibitive lead for the batting honors in the National league. He is now batting at a .351 clip while Walters of St. Louis, his closest rival, is hitting only .333. Other .300 hitters are Schulte of Chicago, Magee of Philadelphia, Clarke of Pittsburg and Beaumont of Boston. Brown of Chicago is still the leading pitcher in the league, with 18 games won out of 22 pitched. Cincinnati leads in team hitting and Chicago in team fielding. Wagner is the league's leading slugger and base runner.

Akron 1, Mansfield 0.

Akron, Sept. 11.—Breckenridge held Mansfield to three hits yesterday. Akron scored in the third on infield hits by Breckenridge and Callahan's sacrifice and Bier's had throw to King. A downpour of

TEAMS MAY "LOAD" SAYS PRES. MORTON

There is no law in the national agreement to prohibit a minor league club from "loading up" for the finish of a season, as Akron has by signing Pitcher Roy and Fielder McIlveen, President Morton says in answer to a protest by Manager Wright against the two P. O. M. stars playing with Akron.

President Morton replies that under article 15, which states that a player may be sold outright out of one league into another, Roy and McIlveen are eligible to play with the Rubbernecks. Manager Wright contends that the sales were not outright since they have been drafted, McIlveen by the Boston Nationals and Roy by the Philadelphia Nationals. If the sales were unconditional Akron and not Steubenville would receive the draft money from the National league club, Manager Wright believes.

Another article in the national agreement states that a player can not go from one minor league to another after having played four months in one league. Apparently the two articles are in conflict and President Morton has selected the one that suits best.

PROBABLY AFRAID OF ATTENDANCE

St. Louis will not play at Youngstown. Manager McAleer telegraphed Manager Wright Tuesday that Cleveland insisted on playing off a postponed game on the 19th, the day the Browns were booked to appear at the Youngstown park. Pittsburg will be at Youngstown September 29, which will be the closing day of the local season unless an exhibition series is scheduled with Zanesville.

MGR. SAM, "SPORTSMAN" HAS BEGUN LOADING

Bill Glassburner, the old Niles and Sharon pitcher, became a Champ on Tuesday having accepted terms Monday evening. "Glassie" was released by Steubenville 10 days ago, though he pitched fine ball for the P. O. M. leaders. His release was on account of the pennant having been won in advance of the close of the season, and a desire of the club owners to cut down expenses when there was no need of a full high salaried team.

MELANGE OF SPORT.

Rain prevented the game at Sharon yesterday.

There will be a double header at Sharon today. The Newark club has always fared badly at the home of the Three S aggregation during a double bill.

Only three points difference between Newark and Youngstown. Well there's one consolation, we can't come home in fourth place.

Just 150 fans witnessed the game at Columbus between the Senators and Hoosiers yesterday.

Who will it be—Newark, Akron or Youngstown?

Just about the same thing as the American league fight. Take your pick.

Sunday's Cleveland Plain Dealer contained an excellent half tone picture of Kid Speas, who will be a Cleveland recruit next season.

Lancaster scribes congratulate Berryhill of Newark. Next, the leopard will change its spots.

Meanwhile Marty Hogan, when asked why Youngstown is not in first place, just winks the other eye and smiles knowingly.

Philip Wolfe, sporting editor of the Mansfield News, and one of the best posted baseball writers in the O. P. circuit, is with the Mansfield team on this trip. Wolfe is bitter in his denunciation of Bill Bannan, who, he says, enabled the Champions to win the second game at Youngstown Sunday by his raw decisions.—Akron Beacon Journal.

Pitcher Watt and Outfielder Davis will go to the Newark team and ought to start something going for the Molders. The securing of the two local men ought to make the Molders take a brace and give Akron and Youngstown a big run for the rag.—Zanesville Signal.

After winning ten straight games George Upp, of the Columbus Senators lost yesterday's game to Indianapolis by a score of 2 to 1.

Toledo and Columbus are again tied for the lead of the American Association race.

THREE GAMES WITH SPRINGFIELD

The fast Springfield club who are leading the Central League, have been secured to play a series of three games with the Molders on Thursday, Friday and Saturday, September 26, 27 and 28.

Secretary W. B. Hopkins is trying to arrange to have Boyd Chambers pitch the Saturday game in order to give his old schoolmates from Granville an opportunity of seeing him work on the mound. Boyd was the best twirler that ever left Denison and has made good with the Springfield aggregation.

Our fans, no doubt, will patronize the games liberally and they will have the opportunity of witnessing two of the fastest teams in Ohio battle for supremacy at Wehrle Park.

Phil Wolfe, a Mansfield scribe, told us all about it. Asher, Pearce and Schweitzer are all dubs according to his way of thinking. Wouldn't it be nice for us to have about 12 "dubs"?—Sharon Telegraph.

In his latest bulletin, issued yesterday, Secretary Farrell of the National Commission, announces that Willie Delehanty of Mansfield, Frank Locke of Lancaster, and Bill Dithridge of Marion have been suspended for the season. Matty Mattison of Sharon, has been reinstated.

Almost every O. P. manager complains against this year's schedule, saying it is the worst they were ever up against. The mileage could have been cut, they claim, at least 5,000 miles. Sharon had only four games at home in June, and has 18 in September, the flag end of the season, when the patronage is naturally poor.

Wheeling fans say that the Central league will be the same next season. Every club but two are said to have finished the season out of debt. The fight has been a good one and all look forward to a great season next year.

Nearly all of the magnates are opposed to Steubenville and Zanesville. Since it is all right to "load up" for the closing struggle there seems to be no other course for Youngstown and Newark than to follow Akron's suit or be put clean out of the running.

Manager Wright is looking for talent to bolster up the pitching staff. A couple of pitchers is all that is needed, Manager Sam figures.—The Youngstown Vindicator.

Louie Schettler may be of no use again this season. Louie's performance against Newark Friday put his lame wing back to where it was before, if it isn't worse. Manager Sam Wright had about abandoned hope of the German lad being in trim again this year.

There should be a good crowd at Wehrle park Saturday to welcome Molders home. They have two games with the Lime Burners followed by two with Mansfield and then two more with Marion. Remember, fans, we still have a chance to finish at the top and you all know what good results can be obtained from rooting.

BLACK HAND DEFEATED.

Clay Lick, Sept. 11.—Clay Lick and Black Hand again met in a fierce conflict on the latter's diamond Sunday. The game resulted in a very disastrous defeat to the Black Hand boys, and now there is some talk of their disbanding. The boys played good ball, but were not in it at all with Clay Lick, who gave them fits from start to finish. The score was 8 to 3.

The features of the game were the double play by Shortstop Camp, pitching and catching by Winters and Hand, Stump and McCann; for Clay Lick, Winters and Lake.

BOWLERS GETTING READY

The baseball season will soon be over and a number of our sport loving young men are turning their attention to bowling.

A meeting has been called for Thursday evening at the Hayes cigar store and arrangements will be made to organize a quintet and ten-pin club. The Hayes alleys are being overhauled and put in excellent shape and two new alleys will be installed. In all likelihood Newark will have one of the fastest teams in this part of the state this winter.

HIP BROKEN

And Henry Riggelman Was Otherwise Injured by Being Struck by a Yard Engine.

Glancing neither to the right nor left, Henry Riggelman, 67 years old, and living at 172 Grant street, drove onto the B. & O. tracks at the Locust street crossing and was struck by a yard engine and badly injured.

Riggelman had been out in a light spring wagon collecting garbage, and stopped on the east side of the crossing and waited for an east bound freight train to pass, then, without looking to see whether another train was coming or not, started to drive across the tracks. A yard engine, with two box cars in front, which was running north bound for the glass factory, crashed into the outfit and completely demolished it.

The horse, torn loose from the wagon, ran away, while the wagon and driver were pushed along the ties for 200 feet and the rig reduced to kindling wood. Riggelman was thrown down a steep embankment, and his right hip broken. He was also cut and bruised as a result of his contact with the train.

Mrs. N. X. Tucker and a Mrs. M. C. Carpenter, two women living near the crossing witnessed the accident and rushed to Riggelman's side, and seeing that the accident was serious, hurriedly summoned Bower & Criss Bros' ambulance and the injured man was taken to the Sanitarium.

RACING AUTOS

Is a Sport in Which Walter Christie Says He Will Never Again Engage.

Pittsburg, Sept. 11.—Walter Christie, president of the Christie Iron Works of New York, who was injured yesterday afternoon in an automobile accident in the races at Bruno's Island, near this city, passed a fairly favorable night at the hospital. He is suffering from a broken wrist, a badly lacerated head, a sprained back and abdominal injuries.

Christie stated, while lying on his cot, that he had been thinking matters over and had decided not to return to the race track.

"Not because I have lost my nerve," he said, "but because I don't think my wife and relatives will permit it."

The other persons injured in the accident are said to have passed a good night and will recover.

Defeat is all the more bitter when the victor is one of those I told you so persons.

Star Brand Shoes are better.

THREE GAMES WITH SPRINGFIELD

The fast Springfield club who are leading the Central League, have been secured to play a series of three games with the Molders on Thursday, Friday and Saturday, September 26, 27 and 28.

Secretary W. B. Hopkins is trying to arrange to have Boyd Chambers pitch the Saturday game in order to give his old schoolmates from Granville an opportunity of seeing him work on the mound. Boyd was the best twirler that ever left Denison and has made good with the Springfield aggregation.

Our fans, no doubt, will patronize the games liberally and they will have the opportunity of witnessing two of the fastest teams in Ohio battle for supremacy at Wehrle Park.

Phil Wolfe, a Mansfield scribe, told us all about it. Asher, Pearce and Schweitzer are all dubs according to his way of thinking. Wouldn't it be nice for us to have about 12 "dubs"?—Sharon Telegraph.

In his latest bulletin, issued yesterday, Secretary Farrell of the National Commission, announces that Willie Delehanty of Mansfield, Frank Locke of Lancaster, and Bill Dithridge of Marion have been suspended for the season. Matty Mattison of Sharon, has been reinstated.

Almost every O. P. manager complains against this year's schedule, saying it is the worst they were ever up against. The mileage could have been cut, they claim, at least 5,000 miles. Sharon had only four games at home in June, and has 18 in September, the flag end of the season, when the patronage is naturally poor.

Wheeling fans say that the Central league will be the same next season. Every club but two are said to have finished the season out of debt. The fight has been a good one and all look forward to a great season next year.

Nearly all of the magnates are opposed to Steubenville and Zanesville. Since it is all right to "load up" for the closing struggle there seems to be no other course for Youngstown and Newark than to follow Akron's suit or be put clean out of the running.

Manager Wright is looking for talent to bolster up the pitching staff. A couple of pitchers is all that is needed, Manager Sam figures.—The Youngstown Vindicator.

Louie Schettler may be of no use again this season. Louie's performance against Newark Friday put his lame wing back to where it was before, if it isn't worse. Manager Sam Wright had about abandoned hope of the German lad being in trim again this year.

There should be a good crowd at Wehrle park Saturday to welcome Molders home. They have two games with the Lime Burners followed by two with Mansfield and then two more with Marion. Remember, fans, we still have a chance to finish at the top and you all know what good results can be obtained from rooting.

BLACK HAND DEFEATED.

Clay Lick, Sept. 11.—Clay Lick and Black Hand again met in a fierce conflict on the latter's diamond Sunday. The game resulted in a very disastrous defeat to the Black Hand boys, and now there is some talk of their disbanding. The boys played good ball, but were not in it at all with Clay Lick, who gave them fits from start to finish. The score was 8 to 3.

The features of the game were the double play by Shortstop Camp, pitching and catching by Winters and Hand, Stump and McCann; for Clay Lick, Winters and Lake.

BOWLERS GETTING READY

The baseball season will soon be over and a number of our sport loving young men are turning their attention to bowling.

A meeting has been called for Thursday evening at the Hayes cigar store and arrangements will be made to organize a quintet and ten-pin club. The Hayes alleys are being overhauled and put in excellent shape and two new alleys will be installed. In all likelihood Newark will have one of the fastest teams in this part of the state this winter.

HIP BROKEN

And Henry Riggelman Was Otherwise Injured by Being Struck by a Yard Engine.

Glancing neither to the right nor left, Henry Riggelman, 67 years old, and living at 172 Grant street, drove onto the B. & O. tracks at the Locust street crossing and was struck by a yard engine and badly injured.

Riggelman had been out in a light spring wagon collecting garbage, and stopped on the east side of the crossing and waited for an east bound freight train to pass, then, without looking to see whether another train was coming or not, started to drive across the tracks. A yard engine, with two box cars in front, which was running north bound for the glass factory, crashed into the outfit and completely demolished it.

The horse, torn loose from the wagon, ran away, while the wagon and driver were pushed along the ties for 200 feet and the rig reduced to kindling wood. Riggelman was thrown down a steep embankment, and his right hip broken. He was also cut and bruised as a result of his contact with the train.

Mrs. N. X. Tucker and a Mrs. M. C. Carpenter, two women living near the crossing witnessed the accident and rushed to Riggelman's side, and seeing that the accident was serious, hurriedly summoned Bower & Criss Bros' ambulance and the injured man was taken to the Sanitarium.

RACING AUTOS

Is a Sport in Which Walter Christie Says He Will Never Again Engage.

Pittsburg, Sept. 11.—Walter Christie, president of the Christie Iron Works of New York, who was injured yesterday afternoon in an automobile accident in the races at Bruno's Island, near this city, passed a fairly favorable night at the hospital. He is suffering from a broken wrist, a badly lacerated head, a sprained back and abdominal injuries.

Christie stated, while lying on his cot, that he had been thinking matters over and had decided not to return to the race track.

"Not because I have lost my nerve," he said, "but because I don't think my wife and relatives will permit it."

The other persons injured in the accident are said to have passed a good night and will recover.

Defeat is all the more bitter when the victor is one of those I told you so persons.

First Rule of Health

Ask your doctor, "What is the first great rule of health?" Nine doctors out of ten will quickly reply, "Keep the bowels regular." While you are about it, ask him another question, "What do you think of Ayer's Pills for constipation?" We are willing to trust him. Are you? We have no secrets! We publish the formulas of all our preparations. J. C. Ayer & Co., Lowell, Mass.

TRY HICK'S CAPUDINE

For all aches, nervousness, colds, your stomach and indigestion pains. HICK'S CAPUDINE (It's Liquid) has positively no equal. It gives quick relief. Regular sizes, 25c and 50c. AT ALL DRUGGISTS. Trial Bottle, 10c.

GALE TELLS HOW HE STOLE \$25,000

Chicago, Sept. 11.—How he pocketed most of the 50 per cent dividend amounting to \$25,000 declared by the Erie Heating company now defunct, was told on the witness stand by Frederick A. Gale, president of the concern. Gale was explaining the financial affairs of the insolvent corporation. Gale said the company was incorporated in 1903, with a capital stock of \$50,000.

"The first dividend of 50 per cent amounted to \$25,000," he said. "Who received the money?" asked an attorney.

"Well, I got most of it," was his reply. Gale said he then decided to issue more stock and did so, issuing \$200,000 of it on gilt paper. The examination will be continued in an effort to ascertain if any of the stock has reached Gale's home in Rockford, Ill. The creditors have struck a snag in their efforts to trace the \$250,000 worth of assets formerly held by the company.

TAYLOR

On the Suspension of the Warrant For His Arrest.

Indianapolis, Ind., Sept. 11.—W. S. Taylor, former governor of Kentucky, was inclined to be skeptical about the immunity alleged to come from the suspension of the warrant for his arrest by the judges of Frankfort, Ky.

"The suspension of the warrant could be revoked at any time," said Mr. Taylor. "It would afford no real immunity." Asked to discuss the matter further, Mr. Taylor said that his statement given out some weeks ago contained a full answer to this, as well as other questions that have arisen since. In his statement he asked for a bench of judges, half Democrats and half Republicans, before he would return.

AMUSEMENTS

A TAPE LINE

SAVED THE LIFE OF ATTORNEY WAYNE COLLIER OF NEWARK.

Stepped Over a Precipice But Holding On to the Line Prevented Him Being Killed.

Wayne Collier, the well known attorney of this city, had a very narrow escape from instant and certain death, and all that saved his life was a little tape line, about a half inch in width, used by surveyors.

Mr. Collier, who is a member of the Pan-American Coal company, composed of Messrs. L. P. Schaus, Dr. F. E. Corkwell, Wayne Collier and Geo. E. Adkins, and who own extensive coal lands in Muskingum county, near Cannelville, went down to the property to assist Surveyor C. V. Martin of Zanesville, to survey some of the land. Mr. Collier was carrying the tape line and was walking backwards, when he stepped on the edge of a precipice, the earth giving way beneath his feet. He held fast to the tape line which prevented him from falling head first down into the canyon. As it was he fell to one side and rolled to the bottom, sustaining a number of severe bruises about the arms and body, but otherwise escaped injury.

WOULD YOU LIKE TO IMPROVE YOUR COMPLEXION?

It is a woman's prerogative to be beautiful. Much depends upon the complexion; in fact a glowing, sparkling skin atones for a multitude of nature's little faults in shaping the features. In addition to outdoor exercises, correct diet and regular hours, every woman should use some harmless preparation for keeping the skin in perfect condition and the complexion at its best.

The following wash has accomplished wonders with the complexions of thousands of women throughout this country. It is perfectly harmless to the tenderest skin and its beneficial effects can be seen immediately upon beginning its use.

Obtain at your drug store Rose Water, 2 ounces; Cologne Spirits, 1 ounce; Epsom salt (skin food) 4 ounces. Put the Epsom salt in a pint of hot water (not boiling), and after dissolved, strain and let cool. Then add the Rose Water and Cologne Spirits.

One of the best features about this toilet preparation is that it can be easily and conveniently prepared at home, thereby keeping a supply of it at all times upon the toilet table.

The Consumers' Brewing Co. is brewing a very fine bottle beer. It is particularly recommended for the family trade. When you order be sure you get Consumers, the beer that is brewed in Newark.

A RECORD RUN IS BEING MADE

By New Ocean Liner on Which Mr. and Mrs. Archie White Are Passengers.

New York, Sept. 11.—That the epoch-making Lusitania is plowing the mid-atlantic at a clip of 25.25 knots an hour, occasionally perhaps spurring to a 26-knot speed, is the calculation, based on press cable reports from London, which state that the challenger for the transatlantic record had reported a run of 561 miles during the first 24 hours out from Queenstown. When it is recalled that during the first nine hours out from Daunt Rock the Lusitania, because of fog, was enabled to make but 180 miles, it is apparent that the other 381 miles reported were covered at a rate of more than 25 knots an hour. The Lusitania is looked for at Sandy Hook next Thursday night.

Word has been received in Newark that Mr. and Mrs. Archie White, who have been in Europe for some time, have sailed on the "Lusitania," the largest steamship afloat, and that they are expected to arrive in New York Thursday.

WEDDINGS.

ANDERSON-FRANKLIN.

Invitations have been issued for the wedding of Dr. H. B. Anderson and Miss Amy Franklin. The wedding will be solemnized Wednesday evening, September 25, at the Trinity Episcopal church. The church service will be followed by a reception at the bride's home, 130 West Church street.

HATCH-MARTIN. (Ohio State Journal.)

An acquaintance which had its beginning while the principals were attending Denison university at Granville and ripened into love, will culminate today in the wedding of Dr. Clark B. Hatch of Newark, and Miss Isabelle Martin of Brice. When Dr. Hatch first met Miss Martin she was a girl of 14. That was nine years ago. The wedding will take place at 2 o'clock this afternoon at the home of the bride's parents, Mr. and Mrs. Charles Martin, of Brice. Rev. L. P. Franklin of Newark will officiate. Dr. Hatch is practicing with his father, a well known physician of Newark. He was formerly assistant in the office of Dr. John Edwin Brown of East Town street. He is now an eye, ear and nose specialist, and also health officer of Newark.

SARTAIN-HOODLETT.

Mr. and Mrs. I. P. Hoodlett of the Hotel Franklin, wish to announce the marriage of their adopted daughter, Leah Isis Marie, to Mr. Louis John Sartain, of El Reno, Oklahoma. The wedding will be solemnized at the home of the bride's grandparents, Mr. and Mrs. Wm. A. Cox of 602 South Roberts avenue, El Reno, Oklahoma, on the evening of September 11 at 8 o'clock.

MOONEY-MARTIN.

Mt. Vernon, Sept. 11.—Mr. Paul C. Mooney, the popular manager of Lake Hiawatha park, and Miss Lillian Martin of Cincinnati, formerly of Mt. Vernon, were united in marriage on Monday afternoon at 4 o'clock before Magistrate James L. Leonard in his office.

The following marriage license was issued Tuesday at Mt. Vernon: Clarence H. Bishop, Newark, carpenter; Zona Frances Myers, Centerburg. The Rev. W. H. Eglin.

CIVIC DISEASE AND HEALTH. The following note from the New England Journal of Education is a significant comment upon a recent publication by Ginn & Company:

"Rarely does a school book come upon the market so opportunely as has 'Town and City'. What Jacob Riis did for the entire country by his famous work of cleaning out the slums of New York City, and then expounding his exploits by press and platform, Mrs. Jewett is doing by placing in the school room this graphic picture of civic disease and health."

If you want shoes take advantage of the Seymour & Rexroth sale. W. D. Fulton, assignee. 4-dtf

FOR SIXTY YEARS HE HAD PREACHED

Columbus, Sept. 11.—With the death of the Rev. John Kelly at St. Anthony's hospital Tuesday night, Presbyterianism in Ohio has lost one of its most prominent divines and the state one of its best known clergymen. For more than three score years, Dr. Kelly has been accounted one of the most accomplished pulpit orators of the state and one of the strongest members of his particular faith. His age was 87. His death, while not unexpected, will come as a distinct shock to many who knew him.

Several years ago, Dr. Kelly retired from the active practice of his profession and made his home with Major and Mrs. Frank M. Bell of Lima. The infirmities of age began creeping apace, and his physical condition became weaker. However, he was possessed of an indomitable pluck that combated disease, and, doubtless, lengthened his life several years. Finally, his condition became so serious that it was decided that he must go to a hospital. Accordingly he came to Columbus three weeks ago and became a patient at St. Anthony's hospital.

WOMEN MUST BOW TO DECREE OF NEW FASHION

Chicago, Sept. 11.—The hipless, fatless, curveless lady is to be beauty's model from now on, until styles change again. Straight back from Paris, High Priestess Elizabeth A. C. White, of the American branch of fashion's shrine, brought the message to the faithful. Bowing devoutly before her at the headquarters of the Dressmakers' Protective Association in the Masonic temple, the na-

tion's modistes, in convention assembled, listened and marvelled at her words.

To some women the change may be easy. To them it means simply the discarding of their pads. But how a 200 pounder is to mold her form into the sewer pipe style of gown prescribed by the latest decree, some of the enpoint stylists of dress-makers confessed they couldn't understand. Fashion, however, helps those who help themselves. The plump must do their utmost to train down. The new style will do the rest.

Miss White confesses to 210 avoirdupois, and she looks thin.

JEROME SILENT AS TO HIS INTENTIONS

New York, Sept. 11.—District Attorney Jerome has not yet signified whether he will make Attorney General Jackson's seizure of books and papers of the American Ice company and private correspondence of its president, Wm. Oler, the basis of an investigation before the grand jury of the ice company's methods.

It is practically certain, however, that the attorney general demand ouster proceedings against the company and in the event of Jerome's failure to act, it is believed he will go before Governor Hughes with a request that a special district attorney be asked to conduct the inquiry.

The papers in the attorney general's possession are said to indicate that the company has resorted to methods for the suppression of competition and the extortion of excessive prices more reprehensible even than those of any of the trusts hitherto under the limelight in past federal and state investigations.

There are more pulp mills in Northern New York than in all of the rest of the country combined and last year 3,616,693 cords of wood were chewed up in them.

"Star Brand Shoes are better."

OFFICERS

Killed Fendit After a Battle—Was Brother of Man Who Had Killed Nineteen.

Whitesburg, Ky., Sept. 11.—At Hall, a hamlet on Beaver Creek, in Knott county, Monday night, Officers John Frigate and Randolph Holbrook of Pound Gap, killed Zekek Hall, aged 40, a member of the Hall-Martin feudists, by shooting him four times, twice through the head. Two weeks ago Hall killed a man in Wise county, Virginia, and fled to Beaver Creek. There was a reward of \$500 offered for his arrest.

Frigate and Holbrook went to arrest him, and he resisted, opening fire on the officers. He was a brother to Tallon Hall, who killed 19 men in his day, and was hanged at Wise C. H. in 1893.

MASSACRES CONTINUE

Galatz, Roumania, Sept. 11.—The massacre of the Jews at Kishineff, is still in progress today. The fugitives who fled yesterday, declare that fully 100 Hebrews had been killed and scores injured. Mobs were at that time rushing through the Ghetto, shooting every Jew who appeared. The looting was accompanied by assaults. Hundreds of Jews have fled and those who remain are hiding. The scores who fled toward Roumania are reported to have been turned back at the Pruth river by the frontier guards.

At Lodz, the program which started yesterday is reported to be still in progress. At least a score of Jews are reported dead today. At both Kishineff and Lodz the authorities are reported to have looked on, without any effort to end the outrages.

Columbia is grid-ironing its territory with railroads that will open up the entire country.

Dr. Ghatton, Ohio's Well Known Specialist

Coming to Newark, Ohio, Hotel Doty, Saturday, Sept. 14, from 9 a.m. to 8 p.m., one day only.

The Bi-Chemic Medical Institute, Columbus, Ohio, have received so many requests by mail and by personal application, that they have consented to have their Radio Specialists visit the Hotel on the above dates. The doctors will bring with them their RADIO ELECTRICAL APPARATUS, and will be prepared to treat any of the diseases mentioned in this advertisement. By this latest modern method of treatment, many have been restored to perfect health who have been given up as hopeless by other physicians. The wonderful cures effected by the Bi-Chemic Physicians are attracting world-wide attention.

The Doctors extend a cordial invitation to every afflicted man and woman to call at the Hotel on the above date for FREE advice and consultation. Do not neglect this opportunity to consult the well known specialists.

Gatarrh, Deafness, Asthma, Bronchitis, Consumption

Deafness, Head and Ear Noises.

Our system of Treatment for Deafness and the troubles which accompany it is not only effective, but absolutely free from pain. No disagreeable instruments are usually necessary, as the inner tubes which become blocked up and cause the ringing, buzzing sounds and impair the hearing faculty, open up readily to the pleasant vapor medication and the bones of the ear are restored to elasticity by a pleasant electrical massage. The disagreeable noises are then quickly stopped by massage of the ear drum and a mild current of electricity passed into the internal chambers of the ears. Those who have been tortured unsuccessfully in the past are invited to try a new and scientific system which will give immediate relief.

Catarrh of the Head and Throat

Foul breath, spitting slime and mucous scabs and scales forming in the nose, sneezing, pain, burning, itching in the nose, pains in the head, dizziness, impaired smell or taste, drooping in the throat, are easily overcome and cured by Our Treatment.

Catarrh of the Bronchial Tubes.

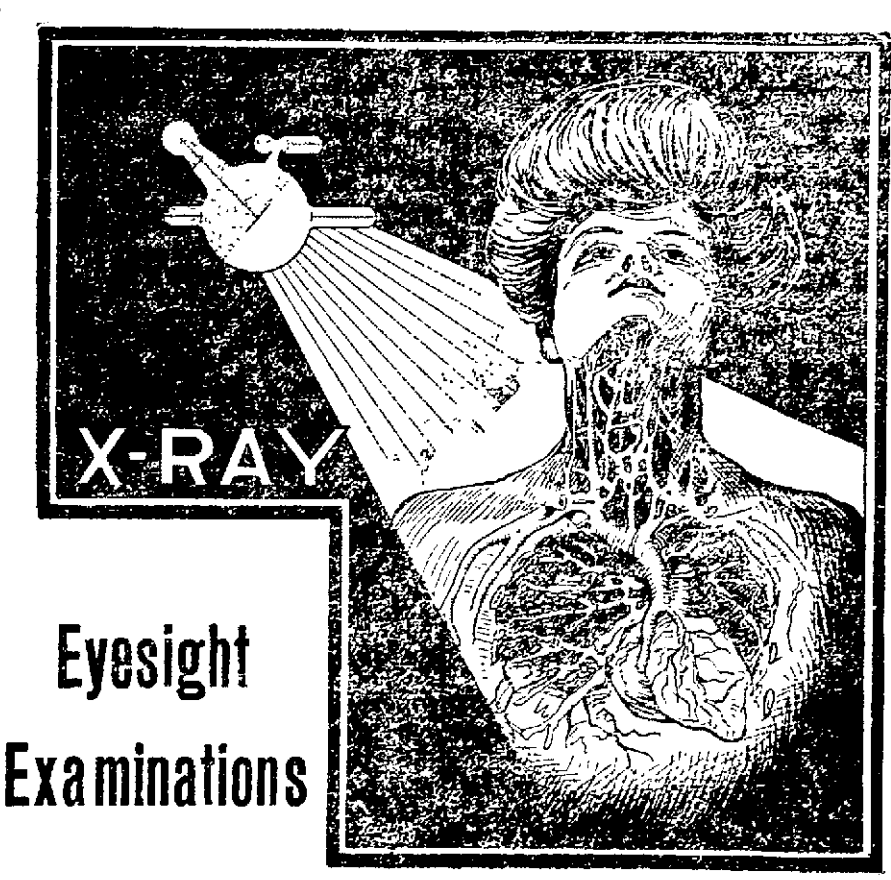

Coughs, loss of flesh, pain in the sides, frothy or yellow expectoration, shortness of breath, depressed spirits, pain under shoulder blades, night sweats, all forerunners of consumption, are quickly suppressed by the Inhalation and Special medication at the Bi-Chemic Medical Institute.

Consumption

No germ can live when it comes in contact with our treatment. The treatment acts also as a preventive when used by persons having weak lungs of any nose, throat or bronchial affection. Our system of treatment bathes the lining of all these passages and it prevents the consumption germ, which may be in the air, from lodging or implanting itself in the sensitive tissues. Catarrh is thus prevented from extending into the throat or tubes, where it frequently gives much annoyance. DO NOT NEGLECT CATARRH because it is the forerunner of serious throat and lung diseases. IT CAN BE CURED.

Stephan's Star Brand Shoes.

Eyesight Examinations

Chronic Diseases.

In the class of serious chronic diseases, long standing diseases and afflictions that baffle the skill of the physician, that are unyielding under ordinary medical treatment and that have been generally regarded heretofore as incurable, the Radio treatment accomplishes results that are truly marvelous. In all manner of chronic sickness, in all manner of serious afflictions, in all manner of incurable diseases, that impair the usefulness of man and woman and make life miserable and a burden to the afflicted, the Bi-Chemic Medical Institute has been abundantly successful. Results are certain: there is no pain, no tedious, drawn-out course of dosing and drugging. There is nothing in the way of surgical operations with its disagreeable attendant. There is no pain, no shock, no discomfort. The treatment is pleasant and is most efficient and successful.

There is no employment or professional fee to the patient as it is a free gift. It is necessary to make a part of the treatment while taking the treatment. If you are helped to get well, from old-time methods of treatment, do not doubt that you will be able to pay for your cure. But, if you are not helped, you will not be charged a cent. This is the Bi-Chemic Medical Institute's policy. Thousands of afflicted men and women are cured and set free and are happy. The great blessing of the Bi-Chemic Medical Institute has been abundantly successful. Results are certain: there is no pain, no tedious, drawn-out course of dosing and drugging. There is nothing in the way of surgical operations with its disagreeable attendant. There is no pain, no shock, no discomfort. The treatment is pleasant and is most efficient and successful.

WE TREAT

CATARRH, CONSUMPTION and all diseases of the head, nose, throat, lungs and chest treated.
DEAFNESS, and diseases of the eye and ear treated.
DYSPEPSIA, INDIGESTION and all diseases of the stomach and bowels treated.
CONSTIPATION, BILIOUSNESS, JAUNDICE and all liver troubles treated.
BRIGHT'S DISEASE, DIABETES and all diseases of the kidneys and bladder treated.
PILES AND RECTAL DISEASE treated without the knife or detention from business.
NERVOUS DISEASES, EPILEPSY and all nervous disorders, except insanity, treated.
RHEUMATISM, NEURALGIA and all painful affections treated.
CANCERS AND ALL MALIGNANT GROWTHS treated without the knife.
TUMORS AND ALL ENLARGEMENTS and swellings treated without surgical operations.
SCROFULA and all sores, ulcers and blood troubles treated.
ECZEMA, PSORIASIS and all eruptions, pimples and skin diseases treated.
LIPOMYXOMA, SPINAL CURVATURES, Hip Joint Diseases. Stiff Joints, etc., treated by bloodless methods.
DISEASES OF WOMEN—Weaknesses, Prolapse, Tumors, Sterility, Barrenness and all Female Troubles treated without surgical operations.

NO MATTER WHAT THE DISEASE, its name or nature, if it is of a chronic long standing, obscure or difficult character, we can give you full information regarding it, and if it is curable we can cure it.

Persons living at a distance are requested to write, describing symptoms of their case in detail, and advice will be given free of charge.

GEO. W. SPENCER IS LAID UP 3 MONTHS

Former Newark Train Dispatcher is Badly Hurt in Accident Near Garrett, Ind.

George W. Spencer, former train dispatcher for the B. & O. railway company in Newark, now B. & O. trainmaster at Garrett, Ind., will not be able to resume duty for at least three months in consequence of the injury he sustained a week ago near Garrett. This is the advice that comes from the surgeon who is attending him.

Mr. Spencer was riding in a caboose when an engine crashed into it. Recovering consciousness Mr. Spencer found himself pinned to the running board of the engine. His head was badly cut, one rib was broken, one lung punctured and a hand badly scalded. Mr. Spencer is now being cared for at his home in Garrett.

"Star Brand Shoes are better."

EXTENDED SEASON FOR STRAW "LID"

According to an authority the curfew will not ring off the straw hats this year until September 29. Although the wet spring was death to potatoes and late corn, and while numerous crops have been faded by the elements, those who got an inside price on late "straw piles" will rejoice.

The "open" season ends September 15, but this year the canceling of the head gear is postponed five days on account of the season. If a killing frost comes between now and the 20th, and a fellow is found on the streets with a "lid" on, don't call out the militia. Fashion is back of him. If it turns hot as blazes after the 20th and anyone is found on the streets with a straw covering he is not

up to the dictates of Dame Fashion—Exchange.

Stephan's Star Brand Shoes.

NOT P. B. SMITH IS CHICAGO BODY

Granville, Sept. 11.—The mystery of the disappearance of Mr. P. B. Smith, a former well known retired banker and business man, who made his home with his wife and daughter, is as far from being solved as ever. Mr. Smith went to Chicago last April to transact some business, and from that time up to the present no trace of his whereabouts has ever been learned. A few days ago the body of a man was taken from Lake Michigan, supposed to be that of Mr. Smith. Mrs. Smith, however, has received a letter from a prominent banker of Chicago, who was personally acquainted with Mr. Smith. He says that he is in company with another gentleman, who was personally acquainted with Mr. Smith, visited the morgue and viewed the body said to be that of Mr. Smith. They positively state that the body was not that of Mr. Smith.

"Star Brand Shoes are better."

CONDUCTOR WAS SLIGHTLY INJURED

Clyde Marshall, a well known conductor on the Columbus, Newark and Zanesville Traction line, met with a very painful accident Wednesday. He was coming east on his car and just as he was nearing the West Main street bridge a teamster named Van Voorhis drove onto the tracks immediately in front of the car. The motor man at once threw on the emergency brakes, causing the car to come to a sudden stop, and throwing the conductor, who was on the rear end of the car to the ground, and badly wrenching the joint of his left leg. He was brought to the intersection station where his injuries were attended to by Dr. Postal. He was afterwards taken to the home of his father-in-law James McVeigh on Buena Vista street. It will be some days before he will be able to resume his duties as conductor.

MR. ASHBROOK HAS NO BABY LION

While at Jamestown Had Picture Taken With Cub But He Declined the Gift.

While Congressman Wm. A. Ashbrook was at the Jamestown Exposition recently with a party of Johnstown young ladies, a report was sent back to Ohio that he and Mr. Clark C. Doughty, manager of the Ohio Excursion Bureau, had each been given a baby lion while on the "Warpath" at the Exposition grounds. According to the story Mr. Ashbrook named his pet Bryan and shipped him back to Johnstown.

Every day farmers who drop into Johnstown are calling at the Congressman's home to see the cub, but all are disappointed. Mr. Ashbrook owns no baby lion and never did. It happened this way:

Mr. Ashbrook and his party visited the wild animal show at the Exposition, and while there the Congressman yielded to the demand that he have his picture taken while holding one of the cubs. The manager of the show in a spirit of fun offered to give the baby lion to Mr. Ashbrook, and when the party reached Washington the statement was boldly made by somebody other than Mr. Ashbrook that he had accepted the gift. The Washington correspondents sent the story to Ohio.

WANTS BODY EXHUMED.

Columbus, Sept. 11.—Mrs. Mary Veal, 1364 Fair avenue, has requested Coroner Murphy to exhume and examine the body of her husband, Thomas Veal, a chainmaker who died last Tuesday. Mrs. Veal, who had not lived with the husband for more than a year previous to his death, fears, due to the appearance of the corpse on the day of the funeral, that he met an unnatural death. The attending physician says, however, that Veal died apoplexy. The coroner will deliberate before acting upon the widow's request.

JEWS ATTACKED AT KISHINEFF

Eighty Killed and Many Wounded by Armed Gangs of Roughs.

SHOPS AND HOUSES LOOTED

Authorities Reported to Have Made No Attempt to Check the Onslaught of Hoodlums—Women and Children Also Assailed, Many Outrages Being Recorded.

Vienna, Sept. 11.—Another massacre of Jews has taken place in Kishineff. Armed gangs attacked the ghetto there as they did in 1906. Eighty Jews were killed and many more wounded. The authorities, it is alleged, made no attempt to stop the slaughter or protect either the lives or property of the Semites. The shops and houses of the Jews were looted by the bloodthirsty mobs and many of the victims were killed or wounded while defending their homes against invasion.

The outbreak of anti-Semitism has been brewing for several days. Aroused to fury by bigoted ringleaders, the hoodlums gathered into armed gangs and started their attack on the Jewish quarter. The stores of the Jews were first pillaged and their owners struck down whenever they resisted. When they learned that there would be no interference by the authorities the rioters abandoned themselves to indiscriminate rapine. The Jews barricaded themselves and their families in their homes and fought back the rioters as long as they were able, but in many instances they were overpowered and paid the penalty for their resistance with their lives.

Women and children were attacked unmercifully and many outrages were committed. Appeals for protection from the Jews were unheeded by the authorities until nightfall, when patrols were stationed in the streets of the Jewish quarter. Many Jews fled from the city and sought to cross the border into Roumania, but they were stopped there by the Roumanian guards, who would not permit them to enter the country. The Jews are in a state of panic, and more bloodshed is feared.

Dentists Meet.

Norfolk, Va., Sept. 11.—With 500 dentists from all parts of the United States and Canada in attendance, the dental congress convened here. Addresses were made by President Tucker of the exposition, Dr. W. G. Mason of Tampa, Fla., and Dr. V. E. Turner of Raleigh, N. C., the latter president of the congress.

Crapshooters Run Down.

Newburg, W. Va., Sept. 11.—Five negroes who were sitting on the railroad tracks here engaged in shooting craps were run down and killed by a train. All the bodies were horribly mangled.

Young Men's Institute.

Cincinnati, O., Sept. 11.—The national convention of the Young Men's Institute concluded its business sessions with the election and installation of officers, as follows: President, A. N. P. Leonard, Youngstown, O.; vice president, John P. Griffin, Cumberland, Md.; second vice president, Joseph Miller, Ironton, O.; grand secretary, B. J. Monahan, Cincinnati; grand treasurer, A. J. McNally, Zanesville, O.; grand lecturer and organizer, J. F. Heazel, Roanoke, Va.; board of grand directors, W. D. Egul, Roanoke, Va.; Charles Heider, Ironton, O.; B. J. Byrnes, Eckert, W. Va.; J. L. Goetz, Wapakoneta, O.

City Bonds Sold.

New York, Sept. 11.—After two failures to dispose of bonds with which to meet its obligations, the city of New York met with unexpected success in having a four million dollar issue of 4½ per cent bonds more than five times oversubscribed. There were offers for \$207,158,420 worth of bonds, \$86 bidders being willing to take the bonds at figures ranging from par to 110. Controller Katz declared after the sale that the average selling price was about 102.

Quiet at Vancouver.

Vancouver, B. C., Sept. 11.—Everything was quiet in and about the orient quarters and there has been no further attempt to renew the anti-Asiatic rioting. None of the Japanese have as yet returned to their work in the lumber mills, which are closed down. The strike of the Chinese cooks bids fair to last and restaurants are closed. Hotels, clubs and private families are making shift without cooks and Vancouver people are receiving an object lesson in their dependence on Chinese domestics.

Requisition Honored.

Springfield, Ill., Sept. 11.—Governor Deneen honored a requisition from the governor of Kentucky for the extradition of Allen T. Gambrell, who is wanted in Knox county on the charge of murder and who is under arrest in Minook, Ill.

Italians Murdered.

Pittsburg, Pa., Sept. 11.—Two Italians, John Rizzo and his son, were murdered at McKeesport, near here, following a quarrel over a recent Black Hand murder. The Italian section of McKeesport is greatly wrought up over the murders and extra police were summoned to prevent a riot.

BISHOP HARTLEY

DEFINES POSITION OF THE CHURCH AS TO SABBATH DESECRATION.

Catholic Organization is Not in Politics and Will Not Seek to Influence Voters.

Columbus, Sept. 11.—When Bishop Hartley was called upon last evening and asked to state the position of the church on the desecration of the Sunday, and the present movements in Columbus in behalf of law and order, gave the following statement:

"The Catholic church is not in politics. Her members belong in goodly numbers to the two great national parties of our country.

"The Bishop, as head of the diocese, never seeks in any way to influence the political convictions or preference of any of his subjects.

"If they are good Catholics they will support no one for public office but an honest, honorable and conscientious man.

"The bishop espouses the cause of no party—no candidate—he speaks only in the interests of morality, honesty and good government.

The bishop of the United States at the last plenary council of Baltimore gave expression to the following declarations on the desecration of the Sunday.

"In this country there are tendencies and influences at work to bring about a desecration of the Lord's day, and it behooves all who love God and care for society to see that they be checked. As usual, greed for gain lies at the bottom of the movement. Even when the pretense put forward is popular convenience or popular amusement, the clamor for larger liberty does not come so much from those who desire the convenience or the amusement, as from those who hope to enrich themselves by supplying it. Now far be it from us to advocate such Sunday laws as would hinder necessary work, or prohibit such popular enjoyments as are consistent with the sacredness of the day. It is well known, however, that the tendency is to rush far beyond the hunch of necessity and propriety and to allege these reasons only as an excuse for virtually ignoring the sacredness of the day altogether."

ZANESVILLE MAN MET HIS DEATH AT CIRCLEVILLE

Charles Bay Found at Circleville with His Skull Crushed and Badly Mutilated.

Circleville, Sept. 11.—The body of Charles Bay was found just north of Forrest cemetery Tuesday morning at 4:25 o'clock. The left side of his skull was crushed and his face and body badly mutilated.

It is supposed that he tried to board the north-bound freight to ride to Ashville, where he had been employed by the Scioto Canning company. The secretary of the canning company said the man was discharged yesterday morning for being intoxicated.

He cashed his pay check and came to this city and at 12 o'clock was found on the street by Officer McManamy. He was ordered home and was last seen shortly before midnight making his way up the Norfolk and Western track.

Fred Bay, his brother, came here and took charge of the remains this morning. They were removed to Zanesville, the home of his parents.

ERYSIPELAS CURED By a Wonderful Remedy

Erysipelas is recognized by the medical profession as a most dangerous and loathsome disease; one which baffles their skill and has been pronounced contagious to a marked degree. The following letter describes a remarkable cure recently made by the PALMER "SUCCESS" SYSTEM OF TREATMENT:

"I take pleasure in testifying to the wonderful works of the PALMER 'SUCCESS' Remedy. I had a cold sore in the corner of my mouth, and in shaving cut it, and in a week's time it spread until it covered my face with a mass of corruption. The doctor said I had erysipelas, gave me a solution to apply and a powder to dry it up. The remedy did not accomplish anything, and I nearly went out of my mind with the pain in my face. An old friend of the family, and one who had used the Palmer Treatment, immediately purchased these remedies at the drug store and an very glad to say they promptly and permanently cured me. These remedies are stuporously excellent and I shall reap and then."—John W. Welch, 11 Sunny Lane, Cantonville, Pa.

Such commendation is, indeed, something of which to be proud. This splendid System of Treatment, supplying all the essentials of purifying, are a complete cure for Eczema, Scrofula, Salt Rheum, Acne, Pimples, Ringworm, Blackheads, Itching affections, Itch and Oak Poisoning, Trichitis, Psoriasis, Piles, Constipation and all Blood and Skin disorders.

FORD'S LATEST

RUNABOUT "DE LUKE"

FORD RUNABOUT—MODEL "S"

The chassis of Models N and R are identical, as are engines and all other parts except body, fenders and equipment. (N at \$600 carries no equipment, it is "just automobile—all automobile")

So we now announce an intermediate model, a composite of the two former ones, at an intermediate price—\$700 F. O. B. Detroit. This we call Model "S." Chassis standard 15 h. p. 4-cylinder Ford runabout; wheels 28 inch, shod with 3 inch clincher tires; broad steel fenders connected by running board, same as Model R; improved three feed mechanical oiler; lamps, horn and storage battery equipment same as Model R.

Only 1000 of these will be made this season, and unless the Ford faculty for gauging popular demand has lost its cunning these will be snapped up almost as soon as announced.
